Item 6(f) Notice of Motion from Mrs Mullins

Post Offices – Briefing Note

The Post Office is a private company which is able to change its arrangements at branches.

The Post Office consults on service provision when it is planning to change the location of a Post Office.

There have been recent consultations in Chichester, Crawley, Haywards Heath and Worthing to relocate Post Offices within those towns, which ensures a continued post office presence in these places which is important for our town centres and residents.

Lee Harris

Executive Director Economy, Infrastructure and Environment
