#### Regulation, Audit and Accounts Committee

A meeting of the committee will be held at **10.30 am** on **Monday, 21 January 2019** at **County Hall, Chichester**.

Tony Kershaw Director of Law and Assurance

#### Agenda

#### 1. **Declarations of Interest**

Members and officers must declare any pecuniary or personal interest in any business on the agenda. They should also make declarations at any stage such an interest becomes apparent during the meeting. Consideration should be given to leaving the meeting if the nature of the interest warrants it. If in doubt please contact Democratic Services before the meeting.

#### 2. Minutes of the last meeting of the Committee (Pages 3 - 10)

The Committee is asked to agree the minutes of the meeting held on 5 November 2018 (cream paper).

#### 3. Urgent Matters

Items not on the agenda which the Chairman of the meeting is of the opinion should be considered as a matter of urgency by reason of special circumstances.

#### 4. External Audit - West Sussex Pension Fund Audit Planning Report (Pages 11 - 42)

The Committee is asked to consider the West Sussex Pension Fund Audit Planning Report from the External Auditor EY.

The Committee is asked to note the report.

#### 5. Quarterly Review of the Corporate Risk Register (Pages 43 - 52)

Report by the Director of Finance, Performance and Procurement.

The Committee is asked to review the information detailed in the report and the current Corporate Risk Register, and provide comment as necessary.

#### 6. **Treasury Management Compliance Report - Third Quarter 2018/19** (Pages 53 - 58)

Report by the Director of Finance, Performance and Procurement.

The Committee is asked to note the report.

#### 7. Date of Next Meeting

The next meeting of the Committee will be held at 10.30am on Monday 25 March 2019 at County Hall, Chichester.

To all members of the Regulation, Audit and Accounts Committee

#### **Regulation, Audit and Accounts Committee**

5 November 2018 – At a meeting of the Regulation, Audit and Accounts Committee held at 10.30 am at County Hall, Chichester.

Present: Dr Dennis (Chairman)

Mr Waight, Mrs Dennis (arrived at 10.45am), Mr Jupp, Mr Lea (left at 12.05pm) and Mrs Pendleton (left at 1pm)

Apologies were received from Mr Bradford

Also in attendance: Mr Hunt

#### Part I

#### **15.** Declarations of Interest

15.1 Mr Jupp declared a personal interest as a member of Horsham District Council.

15.2 Mrs Pendleton declared a personal interest as a member of Arun District Council.

15.3 Mr Waight declared a personal interest as a member of the Worthing Borough Council Governance Committee.

15.4 Mr Lea declared a personal interest as a Member of the Mid Sussex District Council Audit Committee. Mr Lea also declared a personal interest in relation to his professional role in IT.

15.5 Mr Hunt declared a personal interest as a member of the Chichester Harbour Conservancy in relation to the Treasury Management Compliance Report.

#### **16.** Minutes of the last meeting of the Committee

16.1 Resolved – That the minutes of the meeting of the Committee held on 23 July 2018 be approved as a correct record and that they be signed by the Chairman.

#### **17.** Quarterly Review of the Corporate Risk Register

17.1 The Committee considered a report by the Director of Finance, Performance and Procurement (copy appended to the signed minutes).

17.2 Mrs Curry, Executive Director Children, Adults, Families, Health & Education, attended the meeting to talk through specific risks on the risk register.

17.3 Mrs Curry spoke through risk CR55 which referred to work which recognised the peer review recommendations relating to compliance and governance. The 100 day programme had sought to address the issues

and the effectiveness of the programme was currently being reviewed. The momentum from the programme would continue.

- 17.4 The Committee made comments including those that follow.
  - Sought clarity on home closures, the level of notice received, and the proactive work to identify problems. – *Mrs Curry explained that the County Council rarely received notice of a home closure; citing Horncastle House where there had only been 24 hours notice. The County Council monitored homes within its capacity, but it was the Care Quality Commission (CQC) with the ultimate responsibility and access to homes' financial health. Contracts were with individuals, not homes, which ensured that individual needs were met. Individuals had an allocates social worker and an annual review of their contract.*
  - Queried what the County Council had done in the case of Horncastle House. – Mrs Curry reported that officers had stopped sending people there when it was aware of safeguarding concerns. The County Council would work with the CQC to facilitate homes and their registration status. The County Council was operating in the best way possible within its parameters.

17.5 Mrs Curry spoke through risk CR56 and specially the issues relating to the backlog work for Deprivation of Liberty Safeguards (DoLS). The criteria for DoLS had changed which had raised problems for all authorities. Efforts were being made to streamline the process. Mrs Curry explained that when she joined the County Council in January she asked Internal Audit to look into DoLS. The 100 day programme had included work on DoLS and the move was now to introduce this work into the general day to day work. Staff were being retrained and officers were looking into induction arrangements.

17.6 Ms Eberhart, Director of Finance, Performance and Procurement, introduced the report and highlighted the changes in the risk register following requests made at the previous meeting; with high scoring risks being highlighted. Processes were in place to review financial standards for suppliers, with a report on this going to the Procurement Board.

17.7 Ms Eberhart reported that progress was being made with risk management e-learning and lunch and learn sessions. Dr Dennis reported that he had met with Mr Pake to discuss this and would continue to have meetings every 6 months to ensure this is embedded. It was reported that Mr Pake was happy to meet with committee members individually if they wished.

17.8 The Committee made comments including those that follow.

• Queried the progress of improving risk culture across the County Council. – *Ms Eberhart reported that having a dedicated risk manager had made a big difference as Mr Pake met with officers regularly. The Executive Leadership Team also had a weekly discussion on risk. Mr Pake was working towards ensuring consistency across the authority.* 

- Questioned the status for Risk CR53. *Ms Eberhart explained that the risk ownership change was linked to the Director leaving. Once the re-appointment had taken place the risk would be reallocated.*
- Noted the list of suppliers in Appendix B and queried company 34.
   Ms Eberhart explained that this supplier was linked to children with learning difficulties and there was an issue linked with financing/ hedge fund movements.

17.9 Resolved – That the Committee notes the information detailed in the report and the current Corporate Risk Register.

#### **18. External Audit**

18.1 The Committee considered the Annual Audit Letter from EY (copies appended to the signed minutes).

18.2 Mrs Thompson, (EY) introduced the letter and explained it was a summary of the results of the July report. An unqualified opinion had been given on the financial statements. Mrs Thompson thanked officers for the smooth audit and reported that the work had been completed by the new deadline.

18.3 The Committee made comments including those that follow.

- Queried the work to on the valuation of land and buildings and asked what assets were not being revalued. Helen Thompson reported that work on this already being done. Mr Mathers, EY, explained that they had asked officers to use actual valuation to calculate properties, rather than an annual valuation. All assets would be valued within 5 years.
- Sought clarity on the calculations done for asset valuations. *Mr Mathers explained that schools' depreciation was considered. Highways assets also considered depreciated costs. This area had been a considerable focus of the audit.*
- Queried the value for money considerations with regard to contracts. It was noted that there was a Task and Finish group looking at the monitoring of contracts, but it was important to ensure that initial contract negotiations were appropriate. – Ms Eberhart confirmed that action had been picked up and was being discussed by the Performance and Finance Select Committee's Business Planning Group (BPG) later. The Committee requested an update from the BPG on the outcome of the discussion.
- Raised concerns on the risks for the pension scheme and if accuracy of member records should be listed as a risk. *Ms Eberhart confirmed that the transition to Hampshire County Council for pension administration had been well discussed with EY. Some of the processes would be improved after the transition was complete. No underlining problems had been identified.*
- Queried the due diligence that had taken place for the pension transfer and sought clarity on the timescales involved. *Mr Hunt confirmed that the due diligence had been a large part of work for the decision that had been taken. Ms Eberhart reported that the transfer would take place on 4 March and that data reconciliation work was happening every month to identify issues ahead of the taken taken taken taken to be a solution work was happening every month to identify issues and the taken taken taken taken taken taken taken taken to identify issues and the taken taken taken to identify issues and taken taken*

transfer. Officers were confident of a robust transfer. A communication plan to members would begin this month.

- Queried the reported pension fund deficit of £704.1m. *Ms Eberhart explained that this figure represented the IAS19 practice and that officers considered the actuarial valuation. Mr Hunt confirmed that there were 3 different valuations; EY's, the actuary's and the government's. Mrs Thompson commented that they could look into how this risk was presented in future reports. Mr Mathers explained that current requirements required reporting to IAS19 requirements.*
- 18.4 Mr Hunt and Dr Dennis expressed their thanks to Mrs Thompson and her team, and also to County Council officers for their hard work to achieve the new deadline.

18.5 Mrs Thompson, (EY) introduced the 2018-19 fee letters for the West Sussex County Council and the West Sussex Pension Fund. Mrs Thompson reported that the fees were reduced due to an expectation on good working with local authorities. Risks would be coming to the January meeting for discussion.

- 18.6 The Committee made comments including those that follow.
- Raised concerns that the reduction in fees could lead to a reduction in time and quality that EY was able to give to the audit. – Mrs Thompson explained that it was a challenge, but gave assurance that EY would not sign a contract if there was concern the audit could not be achieved. Different ways of working could be utilised, such as allocating appropriate work off shore. Mr Mathers explained that if additional work was required, the fee would increase. EY staff held themselves to a high standard and would continue to work with the Committee to give assurance. Mrs Thompson resolved to send a special report from Institute of Chartered Accountants in England and Wales (ICAEW) to the Committee which outlined the expectation gap.
- Asked if there was a data risk in moving work off shore. *Mrs Thompson confirmed that only public data could be sent off shore. Reassurance was given that General Data Protection Regulations were complied with.*
- Queried how long EY were in station for West Sussex. Mrs Thompson reported that EY had been in station since 2012 and that Public Sector Audit Appointment regulations allowed a maximum of 20 years.

18.7 Resolved – That the Committee notes the Annual Audit Letter; and the West Sussex County Council and the West Sussex Pension Fund 2018-19 fee letters.

#### **19.** Internal Audit Progress Report - October 2018

19.1 The Committee considered a report by the Director of Finance, Performance and Procurement and the Head of Southern Internal Audit Partnership (copy appended to the signed minutes). 19.2 Mr Pitman, Head of Southern Internal Audit Partnership, introduced the report and talked through the live audit reviews. The pension administration review had now been completed.

19.3 Mr Pitman explained that 2 recommendations from the Mazars report had not been accepted for the cyber security. The first was linked to the amount of unsuccessful logins occur before a system is locked out. The Mazars report recommended 3, national cyber guidance recommended 10; the County Council policy was to have 6. Internal Audit were comfortable with 6. The second recommendation was linked to black listing of websites for malware. This recommendation had been refused as current technology ensured more rigor to blacklisting.

19.4 The Committee made comments including those that follow.

- Asked if there were sufficient resources to deliver the plan. *Mr Pitman confirmed there was appropriate resource and that the Audit Partnership could be utilised to provide additional resilience*.
- Requested an update on the materiality of progress. *Mr Pitman* explained that in quarter 3 the report will be a month old. *Mr* Pitman expected the work to be scoped at outlined at this point.
- Sought clarity on the level of overdue actions. *Mr Pitman* explained that some actions may only just be overdue. Mapping the position against other similar authorities showed that West Sussex was in a healthy position.
- Raised concerns on some of the wording in the policy relating to insufficient access to training. *Ms Eberhart proposed inviting the relevant Director to a future meeting to discuss.*

19.5 Resolved – That the Committee notes the Internal Audit Progress Report.

#### 20. Annual Governance Statement - Action Plan

20.1 The Committee considered a report by the Director of Finance, Performance and Procurement and the Director of Law and Assurance (copy appended to the signed minutes).

20.2 Mr Gauntlett, Senior Advisor, introduced the report which outlined the actions in place to address issues raised in the Annual Governance Statement 2017-18.

20.3 The Committee made comments including those that follow.

• Queried if there were sufficient resources to deliver the actions outlined. – *Mr Gauntlett confirmed there was sufficient resources and good collaboration with officers to deliver the work.* 

20.4 Mr Gauntlett proposed an update for the March meeting on action plan progress.

20.5 Resolved – That the Committee notes the progress against actions arising from the Annual Governance Statement 2017-18 and requests a further update at the March meeting.

#### 21. Staff Induction

21.1 The Committee considered a report by the Director of Human Resources & Organisational Change (copy appended to the signed minutes).

21.2 Ms Hannant, Head of Organisational Development, introduced the report and explained the progress that had taken place since the first report to the Committee in November 2016. Further improvements had been made in April 2017 with Directors being sent 6 monthly reports on incomplete elements. Completion rates had risen from 14% to 44% last year, but had now plateaued at 51%. Officers were proposing a new expectation that online modules should be completed within 1 month of employment, and face to face modules being completed within 3 months.

21.3 The Committee made comments including those that follow.

- Expressed concern at the completion rates and asked how they were monitored. *Ms* Hannant explained that new starter data was sent to managers so they could ensure elements were completed. It was noted that the Library service had a good completion rate and so attempts would be made to mirror this success. A workforce dashboard was used to monitor induction progress and training attendance.
- Queried the key areas of incomplete inductions. *Ms Hannant* reported that Adult and Children services were large directorates and so had a high number of incomplete inductions.
- Felt it would be useful to understand if the incompletion rates had trends related to categories such as pay grades, term appointments, compulsory elements, training elements, etc.
- Queried how different elements were delivered and the difference between manager and director roles. – *Ms* Hannant explained that all mandatory elements were reported on and that different services had bespoke elements on top of this. The inductions for managers and directors also had different elements included. Line managers were expected to work with their staff through the induction process and discuss training requirements. New starters could opt to complete some elements before they joined the authority.
- Asked how outsourced and external employees were monitored. *Ms Hannant explained that the report only covered County Council employees. External providers would have their own requirements for their staff. Training modules were made available to outsourced and external employees. Ms Eberhart added that this would be part of contractual requirements and resolved to confirm this.*
- Queried if this area had been considered by Internal Audit. *Mr Pitman reported that there was no specification action on this within the plan, but it could be included in the future if necessary and agreed to discuss this with Human Resources.*
- Asked how long the training should take to complete. *Ms Hannant* reported that the online training should take 6 hours and 1 day of face to face training. Some bespoke roles, such as a lollypop person, contained different corporate elements.

21.4 Mr Lanzer, Cabinet Member for Corporate Relations welcomed the strong steer from the Committee and agreed there was a corporate risk for incompletion. Induction progress should be linked with appraisals.

21.5 The Committee requested a report to the March meeting to look at progress.

21.6 The Committee felt that recommendation 4 in the report was not sufficient and proposed an alternative.

That the Committee raises concerns at the lack of completion rates with staff inductions, which it considers a crucial element of corporate governance. An update is requested at the March 2019 meeting which should reflect all points discussed by the Committee to improve staff induction and staff appraisal processes.

21.7 The Committee unanimously agreed to the amended recommendation.

- 21.8 Resolved That Committee:
  - 1. Requests that the monitoring of completion rates of mandatory elements continues with escalation and follow-up as appropriate
  - Supports the proposal to set up a working group in Human Resources to tackle the lack of progress in driving completion rates up
  - 3. Approved the change in completion date for on-line elements to first month and all elements by month 3.
  - 4. Raises concerns at the lack of completion rates with staff inductions, which it considers a crucial element of corporate governance. An update is requested at the March 2019 meeting which should reflect all points discussed by the Committee to improve staff induction and staff appraisal processes.
  - 5. Supports the use of staff pulse surveys to measure progress on some of the more behavioural and cultural elements of induction, for example, "I am treated with fairness, respect and am trusted to do my job".

## 22. Treasury Management Compliance Report - Second Quarter 2018/19

22.1 The Committee considered a report by the Director of Finance, Performance and Procurement (copy appended to the signed minutes).

22.2 Mrs Chuter, Financial Reporting Manager, introduced the report and informed the Committee that there had been no new external borrowing or breaches of strategy.

- 22.3 The Committee made comments including those that follow.
  - Queried the high value of holdings for Northamptonshire County Council. – *Mr Hunt gave assurance that the authority was backed by local government and that future reports would include*

settlement details. Mrs Chuter added that this investment, and Lancashire County Council, were due to be settled soon.

- Sought clarity on the £48.9m payment of LEP balance. *Mrs Chuter explained that Croydon were taking on responsibility of the LEP holdings following a recent procurement.*
- 22.4 Resolved That the report be noted.

#### 23. Date of Next Meeting

23.1 The Committee noted that its next scheduled meeting would be held at 10.30 am on 23 January 2019 at County Hall, Chichester.

The meeting ended at 1.06 pm

Chairman

### West Sussex Pension Fund Audit planning report Year ended 31 March 2019

January 2019

Page 11

3 January 2019

West Sussex County Council County Hall West Street Chichester PO19 1RQ

Dear Committee Members

Audit planning report

We are pleased to attach our audit planning report for the forthcoming meeting of the Regulation, Audit and Accounts Committee. The purpose of this report is provide the Committee with a basis to review our proposed audit approach and scope for the 2018-19 audit, in accordance with the requirements of the auditing standards and other professional requirements, but also to ensure that our audit is aligned with the Committee's service expectations.

This report summarises our assessment of the key issues which drive the development of an effective audit for West Sussex Pension Fund. We have aligned our audit approach and scope with these. The Fund plans to migrate membership and pensions payroll data from existing systems to its new Civica UPM system maintained by Hampshire County Council. We consider this as one of the two significant risks to our audit of the financial statements. There remains some uncertainty over the timing of data transfer and we will therefore need to keep our response to this issue under review and provide an update to you on any impact on our proposed approach.

This report is intended solely for the information and use of the Regulation, Audit and Accounts Committee and management, and is not intended to be and should not be used by anyone other than these specified parties.

We welcome the opportunity to discuss this report with you on 21 January 2019 as well as understand whether there are other matters which you consider may influence our audit.

pleler Comm

Helen Thompson Associate Partner For and on behalf of Ernst & Young

## Contents

In April 2015 Public Sector Audit Appointments Ltd (PSAA) issued "Statement of responsibilities of auditors and audited bodies". It is available from the via the PSAA website (www.PSAA.co.uk). The Statement of responsibilities serves as the formal terms of engagement between appointed auditors and audited bodies. It summarises where the different responsibilities of auditors and audited bodies begin and end, and what is to be expected of the audited body in certain areas.

The "Terms of Appointment (April 2018)" issued by the PSAA sets out additional requirements that auditors must comply with, over and above those set out in the National Audit Office Code of Audit Practice (the Code) and in legislation, and covers matters of practice and procedure which are of a recurring nature.

This report is made solely to the Regulation, Audit and Accounts Committee and management of West Sussex Pension Fund in accordance with the statement of responsibilities. Our work has been undertaken so that we might state to the Regulation, Audit and Accounts Committee, and management of West Sussex Pension Fund those matters we are required to state to them in this report and for no other purpose. To the fullest extent permitted by law we do not accept or assume responsibility to anyone other than the Committee and management of West Sussex Pension Fund for this report or for the opinions we have formed. It should not be provided to any third-party without our prior written consent.

# 01 Overview of our 2018-19 audit strategy

gend

### Overview of our 2018-19 audit strategy

The following 'dashboard' summarises the significant accounting and auditing matters outlined in this report. It seeks to provide the Regulation, Audit and Accounts Committee with an overview of our initial risk identification for the upcoming audit and any changes in risks identified in the current year

| Audit risks and areas of focus  |                   |  |  |  |
|---|-------------------|--|--|--|
| Risk / area of focus  | Risk identified   | Change from PY   | Details  |  |
| Risk of manipulation of Investment income and valuation.                        | Fraud risk.       | This risk was also<br>identified in the<br>prior year. | As identified in ISA 240, management is in a unique position to perpetrate fraud<br>because of its ability to manipulate accounting records directly or indirectly and<br>prepare fraudulent financial statements by overriding controls that would<br>otherwise appear to be operating effectively.<br>We have determined that the way in which management could override controls is<br>through the manipulation of the journal entries which record the investment<br>income and changes to investment valuation. |  |
| New pensions administration system<br>and transfer of pensions payroll<br>data. | Significant risk. | New risk for<br>2018/19.                               | The Fund plans to migrate data from its existing pensions administration system<br>Hartlink maintained by Capita to its new Civica UPM system maintained by<br>Hampshire County Council with a planned go-live date of 4 March 2019. Pensions<br>payroll data currently held in the SAP general ledger will also be migrated to Civica<br>UPM at the same point in time.<br>We have determined that there is a risk that the data will not be completely and<br>accurately migrated.                                 |  |
| Valuation of Property Investments   | Inherent Risk.    | New risk for<br>2018/19.                               | We consider the valuation of property investments to be of a higher degree of<br>inherent risk because of the higher degree of estimation uncertainty. Management<br>is required to make material judgemental inputs and apply estimation techniques,<br>supported by a professional valuer, to arrive at the year value of property<br>investments carried in the Net Assets Statement.   |  |
|   |                   |  | Although we are now reporting this as a new inherent risk relevant to the 2018/19 audit our audit procedures relating to valuation of Property Investments are not expected to significantly change from the previous period   |  |

#### Materiality has been set at £41.043 million which represents 1% of 2017-18 net assets. In the prior year we applied a threshold of 2%, meaning that materiality was set as £82 million. Materiality has been reduced following an internal review process for the use of materiality at Major Local Audits. There are a number of reasons for this decision, and these include: Planning • Pension funds have a high level of public interest by their nature; materiality • There are uncertainties in the markets which are expected to continue in this financial year end and beyond. Pension funds are exposed to these uncertainties through their investments; £41.0m • Consistency with our audit approach to materiality in the financial services sector. Performance materiality Performance materiality has been set at £30.782 million, which represents 75% of materiality. £30.8m Audit differences We will report all uncorrected misstatements relating to the Net Assets Statement and Pension Fund Account over £2.052 million. Other misstatements identified will be communicated to the extent that £2.1m they merit the attention of the Regulation, Audit and Accounts Committee.

## 02 Audit risks

IICIII

yend

## Our response to significant risks

We have set out the significant risks identified for the current year audit along with the rationale and expected audit approach. The risks identified below may change to reflect any significant findings or subsequent issues we identify during the audit.

Risk of manipulation of Investment income and valuation

#### Financial statement impact

We have assessed that the risk of manipulation of investment income and valuation through management override of controls as most likely to affect investment income and assets in the year, specifically through journal postings.

Net return on investments: £277,204,000

Total net assets of the Fund available: £4,104,276,000

#### What is the risk?

As identified in ISA (UK and Ireland) 240, management is in a unique position to perpetrate fraud because of its ability to manipulate accounting records directly or indirectly and prepare fraudulent financial statements by overriding controls that otherwise appear to be operating effectively.

We identify and respond to this fraud risk on every audit engagement.

#### What will we do?

We will:

► Test journals at year-end to ensure there are no unexpected or unusual postings;

► Undertake a review of reconciliations to the fund manager, custodian and valuer reports and investigating any reconciling differences;

► Re-perform the detailed investment note using the reports we have acquired directly from the custodian, valuer or fund managers;

► Check the reconciliation of holdings included in the Net Assets Statement back to the source reports;

► Review accounting estimates for evidence of management bias, including estimates with a higher level of inherent risk relating to PPE;

► Ensure the value applied to each property agrees back to the listing of deeds owned. We will view the deeds of any new properties acquired in the year, and a sample of existing property deeds; and

► For quoted investment income we will agree the reconciliation between fund managers and custodians back to the source reports.

We will utilise our data analytics capabilities to assist with our work, including journal entry testing. We will assess journal entries for evidence of management bias and evaluate for business rationale.

Audit risks

## Our response to significant risks

New pensions administration system and transfer of pensions payroll data

#### Financial statement impact

There is a risk that if pensions membership data and is not accurately migrated to the Civica UPM system disclosure of membership numbers in the 2018/19 financial statements could be misstated or cannot easily be reconciled back to membership data held on the pensions administration system.

It is also essential that the Fund is able to show pension payroll data is completely migrated from the SAP general ledger to Civica UPM and that the pensions payroll is correctly processed subsequent to the migration.

#### What is the risk?

The Fund plans to migrate data from its existing pensions administration system Hartlink maintained by Capita to its new Civica UPM system maintained by Hampshire County Council during February 2019 with a planned go-live date of 4 March 2019. Pensions payroll data currently held in the SAP general ledger will also be migrated to Civica UPM at the same point in time. A project plan has been established and officers will continue to work through the remainder of the financial year to deliver against this. A final decision on the timing of data transfer is expected by mid-January 2019.

We have determined that there is a risk that the data will not be completely and accurately migrated to the new system. Although this is not likely to result in material misstatement of the 2018/19 financial statements as pensions payroll will only be paid from new systems in the final month of the year, the incomplete or inaccurate transfer of data could have a significant impact in the future and we consider the risk to be qualitatively material on that basis.

#### What will we do?

#### We will:

► Review and test the lump sum, early retirement and transfer (in / out) reconciliations between SAP and Hartlink to February 2019 completed by the Fund to gain assurance over the integrity of data prior to transfer.

► Review and test the Fund's arrangements to ensure that membership and pensions payroll data are completely and accurately transferred from the SAP general ledger and Hartlink to the Civica UPM system operated by Hampshire County Council.

The migration of data to the new system will require us to consider how we gain assurance over the complete financial year, relying on data from both the old and new systems. To comply with the requirements of International Standards on Auditing (UK) we will also need to document and walkthrough both the old and new pensions administration and pensions payroll systems to gain a complete understanding how relevant transactions are initiated, recorded, processed and reported in the financial statements.

10

Audit risks

## Other areas of audit focus

supported by a professional valuer, to arrive at the year value of property investments carried in the Net Assets Statement.

We have identified other areas of the audit, that have not been classified as significant risks, but are still important when considering the risks of material misstatement to the financial statements and disclosures.

| What is the risk/area of focus?   | What will we do?  |
|---|---|
| Valuation of Property Investments   | We will:  |
| We consider the valuation of property investments to be of a higher degree of inherent risk because of the higher degree of | <ul> <li>Consider the work performed by the Fund's valuer, including the adequacy of the scope of the<br/>work performed, their professional capabilities and the results of their work.</li> </ul> |

estimation uncertainty. Management is required to make material judgemental inputs and apply estimation techniques,

• Test accounting entries have been correctly processed in the financial statements.

## O3 Audit materiality

## Materiality

#### Group materiality

For planning purposes, materiality for 2018-19 has been set at £41.0 million. This represents 1% of the net assets for 2017-18. In the prior year we applied a threshold of 2%, meaning that materiality was set as £82.0 million. Materiality has been reduced following an internal review process for the use of materiality at Major Local Audits. There are a number of reasons for this decision, and these include:

- Pension funds have a high level of public interest by their nature;
- There are uncertainties in the markets which are expected to continue in this financial year end and beyond.
- Pension funds are exposed to these uncertainties through their investments;
- Consistency with our audit approach to materiality in the financial services sector.

It will be reassessed throughout the audit process. For West Sussex Pension Fund, the Net Asset Statement, which discloses the value of the investments held by the scheme, is the most appropriate measure rather than the Fund Account. Assets are key, as they cover the liabilities of the fund and generate significant income. Use of net assets as the measure of materiality is EY standard practice for pension funds.

We request that the Regulation, Audit and Accounts Committee confirm its understanding of, and agreement to, these materiality and reporting levels.

#### Key definitions

Planning materiality – the amount over which we anticipate misstatements would influence the economic decisions of a user of the financial statements.

Performance materiality – the amount we use to determine the extent of our audit procedures. We have set performance materiality at £30.8 million which represents 75% of planning materiality. We apply 75% when it is not an initial audit and we have a sound understanding of the entity and past experience with the engagement indicates that a higher risk of misstatement is unlikely.

Audit difference threshold – we propose that misstatements identified below this threshold are deemed clearly trivial. We will report to you all uncorrected misstatements over this amount relating to the fund account and the net assets statement that have an effect on returns or that relate to expenditure.

Other uncorrected misstatements, such as reclassifications and misstatements in the statements or disclosures and corrected misstatements will be communicated to the extent that they merit the attention of the Regulation, Audit and Accounts Committee, or are important from a qualitative perspective.

## O4 Scope of our audit

Agenda Item 4

## Scope of our audit

## Our Audit Process and Strategy

#### Objective and Scope of our Audit scoping

Under the Code of Audit Practice our principal objectives are to review and report on the Pension Fund financial statements:

#### Financial statement audit

Our objective is:

- To form an opinion on the financial statements under International Standards on Auditing (UK and Ireland); and
- To form an opinion on the consistency of the pension fund financial statements within the pension fund annual report with the published financial statements of West Sussex County Council.

We also perform other procedures as required by auditing, ethical and independence standards, the Code and other regulations. We outline below the procedures we will undertake during the course of our audit.

Procedures required by standards

- Addressing the risk of fraud and error;
- Significant disclosures included in the financial statements;
- Entity-wide controls;
- Reading other information contained in the financial statements and reporting whether it is inconsistent with our understanding and the financial statements; and
- Auditor independence.

## Our Audit Process and Strategy (continued)

#### Audit Process Overview

Our audit involves:

- · Identifying and understanding the key processes and internal controls; and
- Substantive tests of detail of transactions and amounts.

For 2018-19 we plan to follow a substantive approach to the audit, as we have concluded this is the most efficient way to obtain the level of audit assurance required to conclude that the financial statements are not materially misstated.

#### Analytics:

We will use our computer-based analytics tools to enable us to capture whole populations of your financial data, in particular journal entries. These tools:

- Help identify specific exceptions and anomalies which can then be subject to more traditional substantive audit tests; and
- Give greater likelihood of identifying errors than random sampling techniques.

We will report the findings from our process and analytics work, including any significant weaknesses or inefficiencies identified and recommendations for improvement, to management and the Regulation, Audit and Accounts Committee.

#### Internal audit:

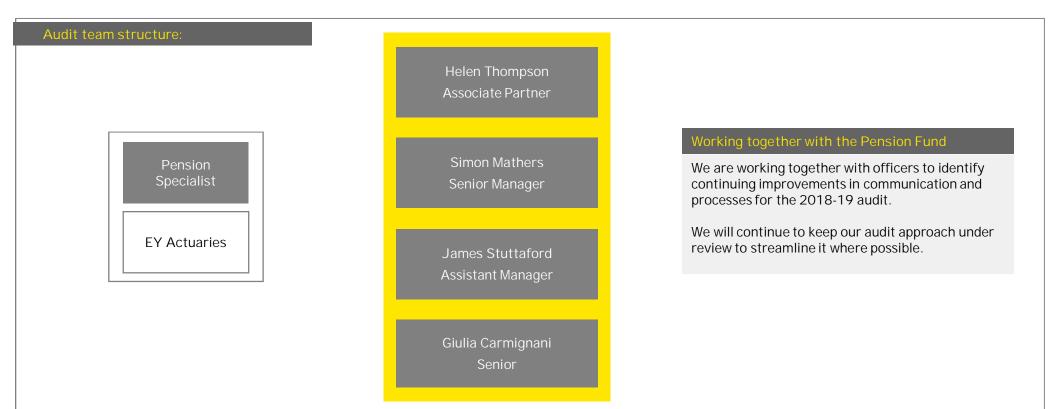

We will regularly meet with the Head of Internal Audit, and review internal audit plans and the results of their work. We will reflect the findings from these reports, together with reports from any other work completed in the year, in our detailed audit plan, where they raise issues that could have an impact on the financial statements.

## Audit team کی

## Audit team

#### Audit team changes

Key changes to our team.

Giulia Carmignani, Senior

- > Giulia takes over from James as the lead senior on the engagement, with James Stuttaford moving to Assistant Manager.
- > We have maintained continuity with the 3 most senior personnel on the engagement

18

Audit team Use of specialists

When auditing key judgements, we are often required to use the input and advice provided by specialists who have qualifications and expertise not possessed by the core audit team. The areas where specialists are expected to provide input for the current year audit are:

| Area              | Specialists  |
|-------------------|--|
| Pension Valuation | Management Specialist – Hymans Robertson<br>EY Specialist - EY actuaries |
| PPE Valuation     | Management Specialist - Savills  |

In accordance with Auditing Standards, we will evaluate each specialist's professional competence and objectivity, considering their qualifications, experience and available resources, together with the independence of the individuals performing the work.

We also consider the work performed by the specialist in light of our knowledge of the Pension Fund's business and processes and our assessment of audit risk in the particular area. For example, we would typically perform the following procedures:

- Analyse source data and make inquiries as to the procedures used by the specialist to establish whether the source data is relevant and reliable;
- Assess the reasonableness of the assumptions and methods used;
- Consider the appropriateness of the timing of when the specialist carried out the work; and
- Assess whether the substance of the specialist's findings are properly reflected in the financial statements.

28

## 06 Audit timeline

----

Agenda Item 4

## X Audit timeline

## Timetable of communication and deliverables

#### Timeline

Below is a timetable showing the key stages of the audit and the deliverables we have agreed to provide to you through the audit cycle in 2018-19.

From time to time matters may arise that require immediate communication with the Regulation, Audit and Accounts Committee and we will discuss them with the Committee Chair as appropriate. We will also provide updates on corporate governance and regulatory matters as necessary.

| Audit phase                              | Timetable  | Regulation, Audit and Accounts<br>Committee Meeting timetable | Deliverables                               |

Page 31

Agenda Item 4

## 🗱 Independence

The FRC Ethical Standard and ISA (UK) 260 "Communication of audit matters with those charged with governance", requires us to communicate with you on a timely basis on all significant facts and matters that bear upon our integrity, objectivity and independence. The Ethical Standard, as revised in June 2016, requires that we communicate formally both at the planning stage and at the conclusion of the audit, as well as during the course of the audit if appropriate. The aim of these communications is to ensure full and fair disclosure by us to those charged with your governance on matters in which you have an interest.

#### **Planning stage**

#### **Final stage**

- The principal threats, if any, to objectivity and independence identified by Ernst & Young (EY) including consideration of all relationships between the you, your affiliates and directors and us;
- The safeguards adopted and the reasons why they are considered to be effective, including any Engagement Quality review;
- The overall assessment of threats and safeguards; ►
- Information about the general policies and process within EY to maintain objectivity and independence.
- Where EY has determined it is appropriate to apply more restrictive independence rules than permitted under the Ethical Standard
- In order for you to assess the integrity, objectivity and independence of the firm and each covered person, we are required to provide a written disclosure of relationships (including the provision of non-audit services) that may bear on our integrity, objectivity and independence. This is required to have regard to relationships with the entity, its directors and senior management, its affiliates, and its connected parties and the threats to integrity or objectivity, including those that could compromise independence that these create. We are also required to disclose any safeguards that we have put in place and why they address such threats, together with any other information necessary to enable our objectivity and independence to be assessed:
- Details of non-audit services provided and the fees charged in relation thereto;
- Written confirmation that the firm is independent;
- Written confirmation that all covered persons are independent;
- Details of any inconsistencies between FRC Ethical Standard and your policy for the supply of non-audit services by EY and any apparent breach of that policy;
- Details of any contingent fee arrangements for non-audit services provided by us or our network firms; and
- An opportunity to discuss auditor independence issues.

In addition, during the course of the audit, we are required to communicate with you whenever any significant judgements are made about threats to objectivity and independence and the appropriateness of safeguards put in place, for example, when accepting an engagement to provide non-audit services.

We also provide information on any contingent fee arrangements, the amounts of any future services that have been contracted, and details of any written proposal to provide non-audit services that has been submitted;

We ensure that the total amount of fees that EY and our network firms have charged to you and your affiliates for the provision of services during the reporting period, analysed in appropriate categories, are disclosed.

## Relationships, services and related threats and safeguards

We highlight the following significant facts and matters that may be reasonably considered to bear upon our objectivity and independence, including the principal threats, if any. We have adopted the safeguards noted below to mitigate these threats along with the reasons why they are considered to be effective. However we will only perform non-audit services if the service has been pre-approved in accordance with your policy.

#### **Overall Assessment**

Overall, we consider that the safeguards that have been adopted appropriately mitigate the principal threats identified and we therefore confirm that EY is independent and the objectivity and independence of Helen Thompson, your audit engagement partner, and the audit engagement team have not been compromised.

#### Self interest threats

A self interest threat arises when EY has financial or other interests in the Fund. Examples include where we receive significant fees in respect of non-audit services; where we need to recover long outstanding fees; or where we enter into a business relationship with you. At the time of writing, there are no long outstanding fees.

We believe that it is appropriate for us to undertake permissible non-audit services and we will comply with the policies that you have approved.

None of the services are prohibited under the FRC's ES or the National Audit Office's Auditor Guidance Note 01 and the services have been approved in accordance with your policy on pre-approval. The ratio of non audit fees to audits fees is not permitted to exceed 70%.

At the time of writing, there are no non-audit fees associated with West Sussex Pension Fund. No additional safeguards are required.

A self interest threat may also arise if members of our audit engagement team have objectives or are rewarded in relation to sales of non-audit services to you. We confirm that no member of our audit engagement team, including those from other service lines, has objectives or is rewarded in relation to sales to you, in compliance with Ethical Standard part 4.

There are no other self interest threats at the date of this report.

#### Self review threats

Self review threats arise when the results of a non-audit service performed by EY or others within the EY network are reflected in the amounts included or disclosed in the financial statements.

There are no self review threats at the date of this report.

#### Management threats

Partners and employees of EY are prohibited from taking decisions on behalf of management of the Pension Fund. Management threats may also arise during the provision of a non-audit service in relation to which management is required to make judgements or decision based on that work.

There are no management threats at the date of this report.

## Relationships, services and related threats and safeguards

#### Other threats

Other threats, such as advocacy, familiarity or intimidation, may arise. There are no other threats at the date of this report.

### Other communications

#### EY Transparency Report 2018

Ernst & Young (EY) has policies and procedures that instil professional values as part of firm culture and ensure that the highest standards of objectivity, independence and integrity are maintained.

Details of the key policies and processes in place within EY for maintaining objectivity and independence can be found in our annual Transparency Report which the firm is required to publish by law. The most recent version of this Report is for the year ended 1 July 2018 and can be found here:

http://www.ey.com/uk/en/about-us/ey-uk-transparency-report-2018

Agenda Item

## 🖹 Appendix A

## Fees

The duty to prescribe fees is a statutory function delegated to Public Sector Audit Appointments Ltd (PSAA) by the Secretary of State for Communities and Local Government.

PSAA has published a scale fee for all relevant bodies. This is defined as the fee required by auditors to meet statutory responsibilities under the Local Audit and Accountability Act 2014 in accordance with the NAO Code.

|             | Planned fee<br>2018-19 | Final Fee<br>2017-18 |
|-------------|------------------------|----------------------|
|             | £                      | £                    |
| Total Fee   | 25,864**               | 31,947*              |
| Total audit | 25,864                 | 31,947               |

\* Includes an additional fee of £5,500 for IAS 19 assurance work on behalf of admitted bodies which has been approved by Public Sector Audit Appointments Limited (PSAA).

\*\* Includes a proposed additional fee of £5,500 for IAS19 assurance work on behalf of admitted bodies. This remains subject to approval by PSAA. We will also need to charge an additional fee for work required to gain assurance over the transfer of pension membership and payroll data to the Fund's new Civica UPM system. We will seek to quantify and report that additional fee to you when we have a clearer understanding of the full scope of the work required and are certain that the transfer will take place during the year.

All fees exclude VAT

The agreed fee presented is based on the following assumptions:

- ► Officers meeting the agreed timetable of deliverables;
- ► Our accounts opinion being unqualified;

► Appropriate quality of documentation is provided by the Pension Fund; and

► The Pension Fund has an effective control environment.

If any of the above assumptions prove to be unfounded, we will seek a variation to the agreed fee. This will be discussed in advance.

Fees for the auditor's consideration of correspondence from the public and formal objections will be charged in addition to the scale fee.

🖹 Appendix B

## Required communications with the Regulation, Audit and Accounts Committee

We have detailed the communications that we must provide to the Regulation, Audit and Accounts Committee.

When and where What is reported? Required communications Terms of engagement Confirmation by the Regulation, Audit and Accounts Committee of acceptance of terms of The statement of responsibilities serves as the engagement as written in the engagement letter signed by both parties. formal terms of engagement between the PSAA's appointed auditors and audited bodies. Our responsibilities Reminder of our responsibilities as set out in the engagement letter The statement of responsibilities serves as the formal terms of engagement between the PSAA's appointed auditors and audited bodies. Communication of the planned scope and timing of the audit, any limitations and the Planning and audit Audit Planning Report, 21 January 2019 meeting of the Regulation, Audit and Accounts approach significant risks identified. Committee. When communicating key audit matters this includes the most significant risks of material misstatement (whether or not due to fraud) including those that have the greatest effect on the overall audit strategy, the allocation of resources in the audit and directing the efforts of the engagement team Significant findings from Our view about the significant qualitative aspects of accounting practices including Audit Results Report, 22 July 2019 meeting of the audit accounting policies, accounting estimates and financial statement disclosures the Regulation, Audit and Accounts Committee. Significant difficulties, if any, encountered during the audit Significant matters, if any, arising from the audit that were discussed with management Written representations that we are seeking Expected modifications to the audit report Other matters if any, significant to the oversight of the financial reporting process

# 🖹 Appendix C

# Additional audit information

#### Other required procedures during the course of the audit

In addition to the key areas of audit focus outlined in section 2, we have to perform other procedures as required by auditing, ethical and independence standards and other regulations. We outline the procedures below that we will undertake during the course of our audit.

• Identifying and assessing the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

- Obtaining an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Concluding on the appropriateness of management's use of the going concern basis of accounting.
- Evaluating the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtaining sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Fund to express an opinion on the consolidated financial statements. Reading other information contained in the financial statements, including the board's statement that the annual report is fair, balanced and understandable, the Regulation, Audit and Accounts Committee reporting appropriately addresses matters communicated by us to the Committee and reporting whether it is materially inconsistent with our understanding and the financial statements; and
- Maintaining auditor independence.

30

## 🖹 Appendix C

# Additional audit information (continued)

#### Purpose and evaluation of materiality

For the purposes of determining whether the accounts are free from material error, we define materiality as the magnitude of an omission or misstatement that, individually or in the aggregate, in light of the surrounding circumstances, could reasonably be expected to influence the economic decisions of the users of the financial statements. Our evaluation of it requires professional judgement and necessarily takes into account qualitative as well as quantitative considerations implicit in the definition. We would be happy to discuss with you your expectations regarding our detection of misstatements in the financial statements.

Materiality determines:

- The locations at which we conduct audit procedures to support the opinion given on the financial statements; and
- The level of work performed on individual account balances and financial statement disclosures.

The amount we consider material at the end of the audit may differ from our initial determination. At this stage, however, it is not feasible to anticipate all of the circumstances that may ultimately influence our judgement about materiality. At the end of the audit we will form our final opinion by reference to all matters that could be significant to users of the accounts, including the total effect of the audit misstatements we identify, and our evaluation of materiality at that date.

This page is intentionally left blank

### **Regulation, Audit and Accounts Committee**

### 21 January 2019

### **Quarterly Review of the Corporate Risk Register**

### **Report by Director of Finance, Performance and Procurement**

#### **Executive Summary**

This Committee has responsibility for oversight of the Council's risk management arrangements.

Several risks have been removed from the corporate risk register and deescalated to directorate risk registers. In addition, the risk severity surrounding fair funding has been increased due to a re-evaluation of the possible impacts. Risk will continue to be considered and discussed as part of a performance review by ELT; with an additional risk report capturing risks with a severity above the tolerance threshold, submitted monthly to Cabinet. The risk management eLearning course is now complete and will be launched on 1 February 2019. Risk management Lunch 'n' Learn sessions continue to be delivered and have been supported well and receiving positive feedback. These events will run until October 2019; however it is anticipated that they will remain on the risk management course programme as an introductory course once the foundation course has launched.

#### Recommendations

The Committee is asked to review the information detailed in the report, the current Corporate Risk Register and provide comment as necessary.

#### 1. Introduction

1.1 The Committee has responsibility 'to monitor the effective development and operation of risk management in the County Council'. That role, together with a description of the Council's approach to risk management, is set out in the Constitution at Part 4 Section 4. It covers the allocation of responsibilities, including the quarterly review of risk management activity.

#### 2. Background and Context

2.1 At the November 2018 meeting this committee reviewed the corporate risk register and risk management processes. The committee were presented with a contractor profit warning report; with significant changes highlighted. The committee were also informed of amendments to the County Council Risk Management Strategy, and the current status of risk training and education.

2.2 During the preceding quarter there have been the following changes to the corporate risk register.

- Corporate risk #14 Lack of capacity or competition in the care market
  - De-escalated from corporate risk register to DASS directorate risk register
- Corporate risk #18 Limited cost consciousness in social care
  - De-escalated from corporate risk register to DASS directorate risk register
- Corporate risk #42 IT infrastructure
  - De-escalated from corporate risk register to FPP directorate risk register
- Corporate risk #53 Asset management
  - De-escalated from corporate risk register to FM risk register
- Corporate risk #22 Lower level of funding

   Current severity increased to 20

2.3 Since the last committee meeting the corporate risk register has been reviewed once by the Executive Leadership Team. A risk report has been included within the performance pack highlighting the mitigating actions that have been completed, current and target risk exposure by severity, and their progress; and risk subjects for consideration. In addition, a report highlighting risks with a severity greater than 15 and their controls has also been submitted to Cabinet. Both reports are reviewed monthly by ELT. The risks on the corporate risk register with a severity graded above 15 (above tolerance threshold) are as follows:

| Risk<br>No | Risk   | Score |
|------------|--|-------|
| CR56       | LGA Peer Review of Adults' Services  | 25    |
| CR57       | Backlog of Deprivation of Liberty Safeguards (DoLS) assessments  | 25    |
| CR58       | Failure of social care provisions  | 25    |
| CR39a      | Cyber-security   | 20    |
| CR14       | Fair funding   | 20    |
| CR22       | Lower level of funding   | 20    |
| CR1        | Brexit   | 16    |
| CR11       | Recruit and retain staff   | 16    |
| CR36       | Third party suppliers failure to ensure that contractors perform or operate safely, or to ensure compliance with contract terms and prices | 16    |
| CR42       | Ageing IT infrastructure   | 16    |
| CR50       | Insufficient health & safety governance  | 16    |
| CR54       | Child safeguarding failure   | 16    |
| CR55       | Adult safeguarding failure   | 15    |

2.4 The directorate risk registers have been reviewed at least monthly by each Director and their management team, with support from the Corporate Risk Manager where required. The Corporate Risk Manager has continued to engage monthly with Corporate Leadership Team members to discuss owned corporate risks, and quarterly to provide assurance on directorate risks and governance. 2.5 The risk management eLearning course is now complete and will be included on the staff induction and annual refresher packages once user testing has taken place. The launch date of the course is 1 February 2019 and it will be reviewed every 6 months to ensure it remains fit for purpose. Risk management Lunch 'n' Learn sessions continue to be delivered and are receiving positive feedback. Scheduled to run until October 2019, they will remain on the risk management course programme as an introduction to risk management once the foundation course is launched.

2.6 The quality and currency of information contained in the corporate and directorate risk registers will continue to be reviewed and updated. Ensuring risk owners identify specific action owners and completion dates is encouraging risk discussion, awareness and ownership; providing assurance of proactive management of risk.

2.7 Activities the Corporate Risk Manager is going to carry out/continue with this quarter, to ensure continuous improvement and alignment with best practice.

- Continue to attend the Sussex Resilience Forum Risk Group to maintain visibility on National Risks that may impact the County Council and require inclusion on Corporate Risk Register
- Attend the South East Risk Managers Group to share best practice of risk management in the public sector across various local authorities
- Attend appropriate seminars held by professional bodies e.g. Alarm
- Support projects and programmes to provide assurance and support on robust governance
- Engage and support service managers and their teams on capturing and communicating risk
- The Risk Management Strategy is due to be reviewed by the committee in March. Prior to this, the strategy will be updated to indicate the changes in/developments to the Councils risk management approach. In addition, Internal Audit are due to conduct an audit review of risk management and the Risk Managament Strategy; with the report expected before the next committee meeting. Once this has been received, plans will be produced to reflect any recommendations/observations and further updates to the strategy carried out, if applicable.

2.8 The committee is asked to consider the Corporate Risk Register and future actions and provide comment as necessary.

#### 3. Equality Impact Report

3.1 An Equality Impact Report is not required for this decision as it is a report dealing with internal and procedural matters only, although the Council's responsibilities in relation to the public sector equality duty will be one element of the approach to risk management.

### 4. Resource Implications and Value for Money

4.1 At this stage, there will be no additional resources required to facilitate the embedding of risk and future actions as current support within the organisation is sufficient. The Corporate Risk Manager is conducting risk workshops in existing management meetings, and delivering risk training sessions during lunch periods to mitigate resource and scheduling conflicts.

#### 5. Risk Management Implications

5.1 The subject of the report is the CRR. It would be contrary to the interests of the Council not to ensure that its risk management processes and registers were not aligned to Risk Management Strategy.

#### 6. Crime and Disorder Act Implications

6.1 None.

#### 7. Human Rights Act Implications

7.1 None.

### Regulation, Audit and Accounts Committee

#### 21 January 2019

#### Treasury Management Compliance Report – Third Quarter 2018/19

### **Report by Director of Finance, Performance and Procurement**

#### **Executive Summary**

In accordance with treasury management governance arrangements, this report details compliance against planned parameters as approved within the annual Treasury Management Strategy Statement (TMSS).

During the third quarter of 2018/19 the Council complied with all of the relevant statutory and regulatory requirements related to its treasury management activities. The Director of Finance, Performance and Procurement confirms that there were no breaches of the approved TMSS (including the Annual Investment Strategy) during the period.

#### Recommendation

That the report be noted.

#### 1. Introduction

1.1 The Council has substantial amounts of investments and borrowings and is therefore exposed to financial risks including the loss of invested funds and the revenue effect of changing interest rates. The Chartered Institute of Public Finance and Accountancy's (CIPFA) Code of Practice for Treasury Management recommends that members are regularly updated on treasury management activity; this report therefore ensures the Council is implementing best practice in accordance with the Code.

#### 2. Compliance Report

- 2.1 Throughout the third quarter of 2018/19 the Council complied with the relevant statutory and regulatory requirements which require officers to identify and where possible quantify the levels of risk associated with its treasury management activities. Additionally there were no changes to the Council's approved 2018/19 lending list as a result of credit updates; including rating information published by Fitch, Moody's and Standard & Poor's, credit default swap/equity price trends and general media alerts.
- 2.2 <u>Borrowing Strategy</u>: The Director of Finance, Performance and Procurement confirms that there were no breaches of the Council's Prudential Indicators approved in connection with its capital programme and borrowing activities (in accordance with CIPFA's "Prudential Code"). At 31 December 2018 the Council's Public Works Loan Board (PWLB) borrowing totalled £388.9m (£392.4m at 30 September 2018). During the third quarter:

- There was no new external borrowing for capital purposes (an internal borrowing strategy was maintained throughout the period).
- £3.5m (plus interest) was repaid to the PWLB as per the terms and conditions of the £70m borrowing taken during April 2011.
- No external debt rescheduling was undertaken during the period.
- Excluding money held on behalf of the Chichester Harbour Conservancy (and its associated charities) no other short-term borrowing was undertaken for cash flow purposes. All daily cash flow shortages were funded by withdrawals from the Council's instant access accounts (including short-term Money Market Funds).
- 2.3 <u>Investment Strategy</u>: The average level of Council funds available for treasury investment during 2018/19 (to-date) was £291.4m; actual levels of investments amounted to £206.1m at 31 December 2018 (£266.8m as at 30 September 2018). The decrease in the investment portfolio during the third quarter is mainly a consequence of the Council paying-over the Local Enterprise Partnership balance held (£48.9m) to the new accountable body (Croydon Council) on 9 November 2018.
- 2.4 UK banking legislation places the burden of rescuing failing banks disproportionately onto unsecured creditors (including local authority investors) through the potential bail-in of unsecured bank deposits. The use of unsecured bank deposits and short-term Money Market Funds however remains an integral part of the Council's investment strategy in maintaining adequate cash-flow liquidity as well as enhancing short-term investment returns. As a consequence, the disposition of bank unsecured/other investments at 31 December 2018 as compared with 30 September 2018, is detailed below:

| Investment Type                        | 30-Se | pt-18 | 31-De | ec-18 |
|--|-------|-------|-------|-------|
|  | £m    | %     | £m    | %     |
| Bank & Building Society Unsecured      | 99.7  | 37.4  | 69.7  | 33.8  |
| Money Market Funds                     | 52.5  | 19.7  | 23.2  | 11.3  |
| Total Bank Unsecured                   | 152.2 | 57.1  | 92.9  | 45.1  |
| Bank Secured (greater than 1 year)     | 7.9   | 3.0   | 7.9   | 3.8   |
| Non-Bank (less than 1 year)            | 46.5  | 17.4  | 30.0  | 14.6  |
| Non-Bank (greater than 1 year)         | 26.2  | 9.8   | 26.2  | 12.7  |
| Internally Managed Investments         | 232.8 | 87.3  | 157.0 | 76.2  |
| Externally Managed - Bond Funds (i)    | 10.0  | 3.7   | 10.1  | 4.9   |
| Externally Managed - Multi Asset Funds | 0.0   | 0.0   | 14.8  | 7.2   |
| Externally Managed - Property Funds    | 24.0  | 9.0   | 24.2  | 11.7  |
| TOTAL INVESTMENTS                      | 266.8 | 100.0 | 206.1 | 100.0 |

- (i) Ultra-Short Dated Bond Funds (Enhanced Cash)
- 2.5 The full breakdown of the Council's investment portfolio at 31 December 2018 is shown in **Appendix A**.

2.6 In demonstrating compliance with the Council's creditworthiness policy (as contained within the approved 2018/19 "Annual Investment Strategy") the movement in the Council's investment portfolio (actual cash position) by the credit rating of the financial institution, or the credit rating of the specific investment (for example covered bonds) if higher than the individual counterparty rating, is shown below:

| nstitution / Investment  | 2017/18  | 2018/19 |        |        |        |  |
|--------------------------|----------|---------|--------|--------|--------|--|
| Credit Rating            | 31.03.18 | 30-Jun  | 30-Sep | 31-Dec | 31-Mar |  |
|                          | £'m      | £'m     | £′m    | £'m    | £'m    |  |
| AAA (i)                  | 57.1     | 86.7    | 60.4   | 31.1   |        |  |
| AA                       | 0.0      | 0.0     | 0.0    | 0.0    |        |  |
| AA- (ii)                 | 118.7    | 137.9   | 123.0  | 96.0   |        |  |
| A+                       | 8.5      | 14.7    | 14.7   | 14.7   |        |  |
| А                        | 44.7     | 55.0    | 30.0   | 15.0   |        |  |
| A-                       | 0.0      | 4.5     | 4.5    | 0.0    |        |  |
| BBB+                     | 0.0      | 0.0     | 0.0    | 0.0    |        |  |
| UK Municipal Bond Agency | 0.2      | 0.2     | 0.2    | 0.2    |        |  |
| INTERNALLY MANAGED       | 229.2    | 299.0   | 232.8  | 157.0  |        |  |
| Externally Managed Funds | 24.7     | 34.7    | 34.0   | 49.1   |        |  |
| TOTAL INVESTMENTS        | 253.9    | 333.7   | 266.8  | 206.1  |        |  |

(i) Includes short-term Money Market Funds and Covered Bonds.

(ii) Includes all non-rated UK local authorities (assumed AA- rating).

- 2.7 Included within "Externally Managed Funds" (as reported above) the Council purchased units in the Fidelity and Investec multi-asset income pooled investment funds during the third quarter of 2018/19 (£7.5m per fund). Both long-term investments were approved by the Director of Finance, Performance and Procurement in accordance with the 2018/19 Treasury Management Strategy.
- 2.8 Furthermore, the Director of Finance, Performance and Procurement confirms that during the third quarter there were no breaches of the following additional exposure limits as approved within the 2018/19 Annual Investment Strategy, including:
  - Up to a maximum of £90m (£30m per individual sovereign) may be invested in non-UK organisations (excluding investments held in shortterm Money Market Funds and externally managed pooled funds): <u>Actual</u> £40.0m at 31 December 2018 (£25m Australia; £5m Canada; and £10m Singapore).
  - Up to a maximum of £100m may be invested in negotiable instruments (bonds, certificate of deposits etc.) held in a nominated custody account: <u>Actual</u> **£12.9m** at 31 December 2018.
  - Up to a maximum of £115m may be invested in short-term Money Market Funds (excluding externally managed pooled funds): <u>Actual</u> **£23.2m** at 31 December 2018.

- Up to a maximum of £100m may be invested in externally managed pooled funds; of which £60m may be invested in such funds not holding a AAA credit rating: <u>Actual</u> £49.1m total investment at 31 December 2018 (of which £39.0m is invested in unrated multi-asset income and property funds).
- Up to a maximum of £75m to be made available for long-term strategic investment based on forecast levels of PFI/MRMC reserves (as reported in the Council's Treasury Indicators): <u>Actual</u> £73.1m at 31 December 2018.
