

Forward Plan of Key Decisions

Explanatory Note

The County Council must give at least 28 days' notice of all key decisions to be taken by members or officers. The Forward Plan includes all key decisions and the expected month for the decision to be taken over a four-month period. Decisions are categorised in the Forward Plan according to the [West Sussex Plan](#) priorities of:

- Best Start in Life
- A Prosperous Place
- A Safe, Strong and Sustainable Place
- Independence in Later Life
- A Council that Works for the Community

The Forward Plan is updated regularly and key decisions can be taken daily. Published decisions are available via this [link](#). The Forward Plan is available on the County Council's website www.westsussex.gov.uk and from Democratic Services, County Hall, West Street, Chichester, PO19 1RQ, all Help Points and the main libraries in Bognor Regis, Crawley, Haywards Heath, Horsham and Worthing.

Key decisions are those which:

- Involve expenditure or savings of £500,000 or more (except decisions in connection with treasury management); and/or
- Will have a significant effect on communities in two or more electoral divisions in terms of how services are provided.

The following information is provided for each entry in the Forward Plan:

Decision	The title of the decision, a brief summary and proposed recommendation(s)
Decision By	Who will take the decision
West Sussex Plan priority	See above for the five priorities contained in the West Sussex Plan
Date added to Forward Plan	The date the proposed decision was added to the Forward Plan
Decision Month	The decision will be taken on any working day in the month stated
Consultation/ Representations	Means of consultation/names of consultees and/or dates of Select Committee meetings and how to make representations on the decision and by when
Background Documents	What documents relating to the proposed decision are available (via links on the website version of the Forward Plan). Hard copies of background documents are available on request from the decision contact.
Author	The contact details of the decision report author
Contact	Who in Democratic Services you can contact about the entry

For questions about the Forward Plan contact Helena Cox on 033022 22533, email helena.cox@westsussex.gov.uk.

Cabinet Member for Education and Skills

Proposed increase in space at Manor Green Primary School, Crawley	
<p>The County Council has a statutory duty to provide sufficient school places for all children who need a place. The County Council has been closely monitoring the number of pupils across the county and this number has been rising for the last five years, including the number of children with Special Educational Needs and Disabilities (SEND).</p> <p>Manor Green Primary School in Crawley, a school which caters for children with a wide range of SEND, has admitted increasing numbers of children in recent years. The School requires expansion to provide additional teaching space to accommodate the growing pupil population; it is intended that this additional space will be in place for September 2019.</p> <p>This proposal will be the subject of a public consultation during October and November 2018. Following assessment of the outcome of the consultation the Cabinet Member for Education and Skills will be asked to decide whether the expansion should proceed.</p>	
Decision By	Mr Burrett - Cabinet Member for Education and Skills

A Prosperous Place

Cabinet Member for Highways and Infrastructure

Policy on Commuted Sums for maintaining infrastructure in association with S278 and S38 Highway Agreements

In association with development proposals, third parties enter into agreements with the Council under Section 278 and Section 38 of the Highways Act 1980. These agreements enable them to make modifications to the existing public maintainable highway and also to offer up new highways for adoption by the County Council. Where this infrastructure will create an additional maintenance burden on the authority, commuted sums are secured for the future maintenance of the asset that is being adopted.

The policy on commuted sums provides clarity on the Council's approach and which assets will attract commuted sums. It will reflect current rates for maintenance of the various assets.

The Cabinet Member for Highways and Infrastructure will be recommended to adopt the policy on commuted sums as the Council's approach to securing contributions for the future maintenance of assets adopted under S278 and S38 Highway Agreements.

Cabinet Member for Highways and Infrastructure

Strategic Transport Investment Programme (2018/2019)

In July 2013, the Council established a Strategic Transport Investment Programme (STIP) to identify and develop strategic (i.e. larger than local) transport schemes that are needed to support sustainable economic growth in the county. A long list of potential schemes was identified at that time, largely building on technical work to prepare local plans and these schemes were prioritised.

The STIP has been reviewed periodically since 2013 and consideration is again being given to adding new priorities for investment and also removing schemes that are no

longer considered to be priorities. Consultation has taken place with elected members and other stakeholders who were invited to put forward suggestions to inform the review. As the majority of funding for strategic transport projects will be subject to scheme appraisal in line with Department for Transport guidance, any new potential priorities will be appraised using a similar standardised approach.

The Cabinet Member for Highways and Infrastructure will be provided with an update on progress with current priorities and recommended to approve a revised Strategic Transport Investment Programme list of priorities, including the need for feasibility work on schemes in 2019/20.

Cabinet Member for Highways and Infrastructure

Update of the Surface Water Management Policy	
<p>The Surface Water Management Policy was adopted in August 2017 and is an important regulatory tool against which planning applications can be challenged. At the request of engineering colleagues in the West Sussex Districts and Borough councils, the County Council as Lead Local Flood Authority (LLFA) was requested to write further guidance relating to non-major developments (notably householder extensions and housing developments of less than 10 properties). The Policy has been reviewed over the past 9 months and consulted upon internally and externally.</p> <p>The Cabinet Member for Highways and Infrastructure will be asked to approve the adoption of the updated Surface Water Management Policy.</p>

Cabinet Member for Highways and Infrastructure

A29 Realignment Scheme

The proposed A29 Realignment Scheme would deliver a ~4km bypass to the east of Eastergate, Westergate and Woodgate villages. The new road alignment would provide the highway infrastructure needed to mitigate the impacts of planned strategic development of 30ha of employment land and 3,720 new homes in the area. Along with alleviating problems of traffic congestion along the existing A29, notably at the Woodgate level crossing which causes delays on a key access route to Bognor Regis.

To date, West Sussex County Council has commissioned the consultants WSP to carry out a Route Option Review of the A29 Realignment Scheme, develop the preliminary design and Full Business Case (FBC). The previously submitted Strategic Outline Business Case to the Coast to Capital Local Enterprise Partnership (LEP) allocated in principle £13m of Local Growth fund to the scheme, subject to submission and approval of a FBC.

The Cabinet Member will be recommended to approve that the FBC is submitted to Coast to Capital LEP, commence public consultation in spring 2019 and commence the procurement process to select a contractor for the next stage of the project.

Gatwick Airport Draft Master Plan 2018: Approval of Consultation Response

Gatwick Airport Limited (GAL) has revised the non-statutory Gatwick Airport Master Plan, setting out its vision about how the airport can meet growing demand for air travel and deliver global connections into the early 2030s. The draft of the new Master Plan was published for comment on 18 October 2018 for 12 weeks until 10

January 2019.

The new Master Plan, which will replace the current 2012 Master Plan, explains how Gatwick would develop and grow, balancing economic growth and environmental impact. It sets out the plan for the next five years together with three growth scenarios looking 5-15 years ahead to 2032. The scenarios, which could be taken forward separately or in combination, are: increase capacity using the existing main runway; bring the existing standby (or emergency) runway into routine use alongside the main runway; and continue to safeguard land for an additional runway to the south (while not actively pursuing one at this stage).

GAL considers that the proposals are in line with the Government's policy for making best use of existing runways and that it will deliver highly-productive, incremental new capacity with minimal environmental impact, to complement expansion schemes at other airports across the South East (including a third runway at Heathrow).

The draft Master Plan also contains environmental information as well as information on economic and employment strategies and community engagement strategies. A number of questions have been posed by GAL as part of the consultation.

The Cabinet Member for Highways and Infrastructure will be asked to approve the County Council's formal response to the consultation.

Cabinet Member for Highways and Infrastructure

Guidance on Parking in New Developments

The Council provides guidance on parking in new residential and commercial developments to inform the determination of planning applications by Local Planning

Authorities (LPA). It addresses the amount of car and cycle parking that is expected to be provided and includes advice to developers and the LPAs on the highway impacts of parking provision in new developments.

The current guidance was last reviewed in 2010 (residential), and 2003 (commercial). There is a need to review the current guidance to ensure it is fit for purpose, up to date and consistent with current national planning policy and guidance. A review of the current guidance has been undertaken in consultation with the LPAs to provide an updated evidence base and recommendations on which the new guidance will be based.

The Cabinet Member for Highways and Infrastructure will receive a report on the review of current guidance and be asked to approve the Council's updated Guidance on Parking in New Developments.

A Strong, Safe and Sustainable Place

Cabinet Member for Environment

Soft Sand Review - Issues and Options Consultation (Regulation 18 stage)

The County Council, in partnership with the South Downs National Park Authority, is required to undertake a single issue Soft Sand Review of the West Sussex Joint Minerals Local Plan (JMLP). The timetable to undertake the Review is set out in the County Council's approved Minerals and Waste Development Scheme (the statutory management plan). Informal public consultation (Regulation 18) is timetabled to take place during January–March 2019.

The Review will consider the demand and supply of soft sand required during the plan period (to 2033), and how this demand will be met, including the potential need for site allocations. An Issues and Options consultation document will seek the views on the

options for meeting the demand for soft sand. The results of the consultation, and further technical work, will inform the preparation of the Proposed Submission Draft document, which will identify the proposed changes to the relevant sections of the JMLP.

The Cabinet Member for Environment will be asked to approve the Issues and Options consultation document in December, for publication in January 2019.

Cabinet Member for Environment

Halewick Lane Energy Storage Project

The project forms part of the agreed objectives of the Your Energy Sussex (YES) partnership by increasing and enabling the expansion of renewable energy generation in the county as well as developing the low carbon economy and reducing CO₂ emissions. It also supports the outcomes identified in the approved [Energy Strategy](#). The project will also facilitate a much needed re-development of the site, with the existing buildings being demolished and the site fully secured. The site has in recent years suffered problems with safety, break-ins and vandalism.

Since 1 April 2014 the YES team has been working to develop a significant pipeline of energy related projects including:

- The imminent completion of Westhampnett solar farm with 4 mega-watts of energy storage on site,

- Development of Tangmere Solar farm, which is now complete,
- Installation of commercial scale PV (photovoltaic) systems on schools and third party roofs including at Goodwood Aerodrome,
- PV systems for 225 houses owned by Crawley Borough Council, and
- For Adur & Worthing councils, installation of gas central heating systems in houses served by a newly installed gas main.

Generation of income for all the energy schemes will be achieved through the Council's energy purchaser (N-Power) selling power on its behalf, maximising the income opportunities available as an energy generator. The dual expansion of solar generation and stand-alone battery storage is a key part of the YES energy project pipeline, with solar farms and battery storage continuing to represent a relatively low risk investment for capital.

The Cabinet Member will be asked to approve the development of the previous Sompting Waste Destructor site (Halewick Lane, Sompting) into a battery storage facility.

Review of Property Holdings (Rolling Entry)	
As part of its capital programme management the Council continually reviews its property estate and those assets which are likely to become surplus to operational requirements, i.e. no longer needed. In addition the Council acquires or develops assets to meet statutory and service requirements as well as the Council's wider purposes, including investment or to promote social and economic development opportunities. From time to time these activities give rise to decisions to purchase, dispose of or to develop an asset. As a result of this continuous review the Cabinet Member is making a number of decisions about property. Details of these will be included in individual decision reports.

Cabinet Member for Finance and Resources

Procurement of Outdoor Media Services	
<p>The Council has a revenue generation target for outdoor media services. This involves utilising County Council land capacity for the purposes of offering outdoor media development opportunities, in line with local planning consent, to third party providers. In order to realise and maximise the revenue generation opportunity the Council has analysed the land it owns, adjacent to key highways and population areas where outdoor media would be viable.</p> <p>To maximise the use of this land and potential revenue, the Council intends to grant a lease/licence of specific sites to a Service Provider to facilitate advertising and/or sponsorship revenue through the use of outdoor media infrastructures, at appropriate sites in the county.</p> <p>The Cabinet Member for Finance and Resources will be asked to approve the commencement of a procurement process for the above outlined services and utilisation of specific sites.</p>

Cabinet Member for Corporate Relations

Procurement of a Microsoft Enterprise Service Agreement	
<p>The County Council uses Microsoft products to provide critical IT capabilities, including Microsoft Office products, Windows operating system usage on laptops, mobile devices and other equipment, security software and products for technical management of equipment and software.</p> <p>The Council's IT Strategy 2016-2020 set out an intent that the Council would implement the Microsoft Office 365 product set which is hosted from within the Microsoft cloud. The migration to Office 365 has begun and is due for completion by March 2019.</p> <p>Licensing for Microsoft products is procured via a Microsoft Enterprise Service Agreement (ESA). The current ESA will terminate at the end of March 2019. A new ESA is required for a three-year period from the end of March 2019.</p> <p>Pricing of Microsoft products for UK government use is agreed with Microsoft at the national level and applies to all UK government contracts with Microsoft. An early agreement to renew the ESA in March 2019 may enable the Council to avoid scheduled price increases due before then.</p> <p>Microsoft do not sell direct to customers. Instead licence acquisition is achieved via licenced resellers whose main function is to provide advice and guidance around appropriate licence structures. It is estimated that the total value of the contract would be approximately £5m over 3 years.</p> <p>The Cabinet Member will be asked to:</p> <p>(1) approve the commencement of the procurement process for renewing Microsoft licensing; and to</p> <p>(2) delegate authority to the Director of Finance, Performance and Procurement to enter into the contract.</p>

Cabinet Member for Corporate Relations

Procurement of Support and Maintenance Contract for Mosaic software	
<p>In 2009, the County Council acquired licencing in perpetuity for Mosaic (formally Frameworki – upgraded in 2017). This case management system is used by c3,500 users across Adults & Children Services and is the core IT platform for strategic capability of CAFHE service delivery.</p> <p>When the licenses were acquired, the Council also acquired support and maintenance services for them. This element of the contract is due to end on 28 August 2019.</p> <p>As part of IT Strategy implementation and to enhance resilience of the system, the Council will move its licencing to an off-site fully managed hosted service. The support and maintenance of Mosaic will be transferred to the hosted system.</p> <p>The intention is to retain the Mosaic system. The only provider of the support and maintenance activity in both the current local on-premise system and the future hosted systems is the software and hosted service provider, Servelec-Corelogic.</p> <p>An early notification to Servelec-Corelogic of the Council’s intent to renew the support and maintenance contract has economic advantages, both for the cost of the support and maintenance and for the migration to the hosted systems.</p> <p>The Cabinet Member will be asked to:</p> <ol style="list-style-type: none"> (1) approve the commencement of the procurement process for renewing the Mosaic support and maintenance contract; and to (2) delegate authority to the Director of Finance, Performance and Procurement to enter into the contract.

Executive Director Children, Adults, Families, Health and Education

Approval of Contract Variations Regarding the Review of Charges for the Care and Support at Home Framework

The Care and Support at Home Framework for the commissioning of care for people living in their own home, incorporates a mechanism for providers on the framework to submit a request to review charges where there has been an unexpected and exceptional change in market factors or in the circumstances of the Service Provider which has led to a significant change in costs of the Service Provider since its appointment to the Framework.

Since the incorporation of this mechanism within the contract, a number of providers have applied to the Council to increase contracted charges and have evidenced the contractual requirements in relation to the review of charges.

The Executive Director for Children, Adults, Families, Health & Education will be asked to approve the contract variation of charges resulting from the applications from providers under this Framework Agreement.

Director of Adult Services

Procurement of a Direct Payment Support Service

The County Council is committed to giving customers choice and control over their support services; one method of enabling this is through Direct Payments, where the customer receives a cash allocation to purchase support to meet their assessed care and support needs. A Direct Payment Support service is required to ensure that people can receive the appropriate advice and support to make the best use of their money, including the employment of a Personal Assistant.

Following Cabinet Member decision, in February 2018, to commence a competitive

procurement exercise for a Direct Payment and Personal Budget Support Service and to delegate responsibility to award the contract to the Director of Adult Services (Reference Cabinet Member Decision Report AH6 17.18.) the Director of Adult Services now seeks to award the contract.

A robust open tender procurement process in compliance with West Sussex County Council Standing Orders on Procurement and Contracts has been undertaken. The procurement attracted a good number of competitive bids which have been evaluated robustly on both technical and financial aspects. Prior to commencement of evaluation, it was agreed that the contractor submitting the most economically advantageous tender would be recommended for award of the contract and a successful bidder has been identified.

The Director of Adult Services seeks to award the contract to the successful bidder and to extend the contract, if appropriate, in accordance with the County Council's Standing Orders on Procurement and Contracts, subject to this being affordable within the limits of planned budgets.

Cabinet Member for Adults and Health

Procurement of Mortuary Services for West Sussex

The County Council provides mortuary services throughout the county for the bodies of those who die in West Sussex where the death is referred to the Coroner. Current arrangements for this service are due to expire in 2019.

An open procurement process to determine a future model for this provision has been undertaken by the County Council from May 2018. This process includes the option of a new mortuary built by a third party for use by the County Council to meet the service need.

The Cabinet Member will be asked to agree proposals for future mortuary services for

West Sussex and if appropriate to delegate authority to the Director of Communities to award a contract to the successful bidder for a design and build project to run from October 2018, subject to the submission of a satisfactory bid.

The contract would need to overlap with the existing contracts to ensure the seamless provision of essential services during the design and any build phase. The existing contracts may be terminated on six months' notice once the progress of a design and build contract is clear and a date for the commencement of the new arrangement is established.

Cabinet Member for Safer, Stronger Communities

Community Hubs

The County Council continues to explore opportunities for maximising the strengths of the County's communities and to make the most effective use of the spaces in our communities where services are provided.

In Worthing over the last few months the views of residents and service users have been sought on ideas for remodelling the main library building and the services available within it. This is to include the transfer of services currently provided at the children and family centre. These proposals have received very positive support and are now ready to be described in more detail on order to secure the full engagement of members, residents and service users in the delivery of this project.

The Cabinet Member will take a decision on the timing and form of the implementation of a plan to remodel Worthing library and for it to incorporate the services currently provided in the Worthing children and family centre and to become a more flexible and adaptable community hub.

This project will also be used to help inform and support longer term plans to consider

options for similar remodelling of County Council facilities and service buildings, focusing on libraries, children and family centres and other community based buildings to consider whether they can provide similar benefits as 'community hubs', whilst maximising the most effective use of the County Council estate.

The strategy that will develop would recognise the critical role paid by libraries and children and family centres in local areas in providing information, places to connect people, support for residents in need and in building community resilience and capacity.

The aim would also be to increase community engagement through redesigning these services with the communities who use them and incorporating space for community led activities and for partners to deliver their services locally.

By bringing local services together and using council buildings more flexibly and effectively we should also realise financial benefits whilst improving our offer to local communities and protect these important services for the future of West Sussex.

Strategic Budget Options 2019/20

As part of the County Council's budget process 2019/20 and in light of current financial challenges, Cabinet Members will be asked to determine various portfolio budget proposals as set out below.

Cabinet Member for Environment

Funding for Recycling Credits
<p>The County Council must increase recycling and reduce the amount of residual waste. In order to increase the recycling rate the Council needs, together with district and borough partners, to work differently to make sure as much as possible is removed from the waste stream. By changing the way recycling services are funded, the aim is to drive change in the amount and variety of material collected for recycling. The County Council is working closely with district and borough partners to ensure this change has the desired effect and works towards a cleaner, greener, West Sussex.</p>

The Cabinet Member will be asked to approve changes to the funding arrangement with district and borough councils whilst maintaining the requirements of the Recycling Credit Provisions under the Environmental Protection (Waste Recycling) Payments (England) Regulations 2006.

Cabinet Member for Children and Young People

Provision of accommodation for Care Leavers	
<p>The County Council has a statutory responsibility to provide a variety of accommodation based services for children, young people and young adults. This responsibility extends beyond children who are looked after (CLA) and includes care leavers.</p> <p>Whilst the County Council provides some of these services for care leavers a significant volume of accommodation is obtained via the external market. Due to the rising unit costs and a lack of a suitable supply it is proposed that the County Council makes arrangements to acquire properties suitable for care leavers. This would enable care leavers to develop personal skills, resilience and life experience to help them to progress in to the wider housing market.</p> <p>The Cabinet Member for Children and Young People will be asked to agree proposals for the acquisition of appropriate properties to accommodate care leavers.</p>

Cabinet Member for Education and Skills

Creation of additional Special Support Centres	
<p>The West Sussex County Council Special Educational Needs and Disability (SEND) Strategy 2016-19 includes as one of its objectives 'To build a model of educational provision and support in West Sussex which enables young people, wherever possible, to live and go to school/college locally'.</p> <p>In order to assist in achieving this objective it is proposed to increase the number of Special Support Centres (SSCs); SSCs are units attached to mainstream schools which provide additional support for children with various types of SEND. Provision of up to 11 new SSCs across the county will enable more children and young people with SEND to be educated locally and in mainstream education. It will also reduce the number of more costly out of county placements for pupils in the independent and non-maintained special schools sector.</p> <p>The Cabinet Member for Education and Skills will be asked to agree the proposal to create up to 11 additional Special Support Centres in various locations across the county.</p>

Cabinet Member for Children and Young People

Alterations to the Integrated Prevention and Earliest Help Service
<p>One of the external sources of funding for the Integrated Prevention and Earliest Help (IPEH) service is grant arising from the national Troubled Families initiative, which has supported the turn-around of families struggling with multiple and complex problems. This national programme is due to close in March 2020, with a tailing-off of grant receivable by the County Council starting in 2019/20.</p>

At the present time, no national successor initiatives have been announced, although strong representations have been made to central government about the continued need for an equivalent programme, both from this County Council and other local government organisations across the country.

Due to this reduction in funding starting in 2019/20, it is proposed that a more targeted family support service is developed, aimed at supporting the most vulnerable and disadvantaged families within West Sussex. This will involve developing a revised service offer, and further work to ensure that the whole of IPEH's resource base is geared to the most efficient delivery of its objectives, so that the greatest number of families can continue to be helped.

The Cabinet Member for Children and Young People will be asked to approve proposals to achieve a more bespoke service for IPEH, deliverable within a smaller budget.

Cabinet Member for Adults and Health

Housing Related Support

The County Council commissions a range of housing related support services through contracts with voluntary sector organisations. The services include specialist accommodation based schemes for residents who are risk of homelessness as well as non-accommodation services to residents living in community settings.

These services used to be funded via a ring-fenced government grant as part of the Supporting People Programme. This was removed in 2011, and since then the Council has continued to fund services from its base budget. In view of the discretionary nature of many of the services involved, it is proposed that consideration be given to whether it

is sustainable and appropriate to continue to fund some or all of these services. A process of engagement to gather evidence to inform this funding decision and to plan for its impact will finish on 3 December 2018.

The County Council will be working closely with district and borough partners and the voluntary sector, throughout the engagement period, to look at how requirements can be met in the future. This work will ensure that the County Council's responsibilities for the care and wellbeing of vulnerable adults and children can be met in a coordinated way. The County Council will look at financial sustainability in the context of the range of other service responsibilities the councils carry and future pressures that have to be planned for.

The Cabinet Member will be asked to consider the outcome of the engagement and proposals for the County Council's future funding arrangements for housing related support services from.

Minimum Income Guarantee for Working Age Adults

For West Sussex residents receiving publicly arranged care and support, the Care Act 2014 requires the County Council to ensure that they have sufficient money to cover day-to-day living costs. This is known as the Minimum Income Guarantee. Up until now, the County Council has set its level above the statutory minimum set by the Government, for those residents of working age (under 65 years). In view of the financial situation facing the County Council, a period of engagement with affected

residents and stakeholders has been undertaken to consider the potential impact of reducing the level of Minimum Income Guarantee to the statutory level. The period of engagement will conclude on 3 December 2019.

The Cabinet Member will consider the outcome of the engagement and consider whether financial assessment of customer contributions for working age adults receiving County Council arranged care and support, other than in a care home, will be based on the statutory Minimum Income Guarantee with effect from April 2019.

Cabinet Member for Adults and Health

Local Assistance Network (LAN)

The Council currently provides discretionary assistance to households in crisis situations through the Local Assistance Network (LAN). The LAN is delivered through a partnership with voluntary sector agencies which provide non cash based assistance, very largely on an 'in kind' basis, to households facing hardship as a result of a crisis or emergency.

The scheme was launched in 2013 when funding for discretionary welfare provision was 'ring-fenced' for this purpose. The LAN now falls entirely on the Council's base budget. In the current financial context it is not considered sustainable to maintain expenditure on the LAN at the current level and a reduction is therefore proposed. A period of engagement is being undertaken to gather evidence to inform this decision and to establish the priorities for the use of this funding going forward.

<p>The Cabinet Member will be asked to consider the outcome of the engagement and whether County Council funding for the Local Assistance Network (LAN) should be reduced and to what level.</p>
