

Forward Plan of Key Decisions

The County Council must give at least 28 days' notice of all key decisions to be taken by councillors or officers. The Plan describes these proposals and the month in which the decisions are to be taken over a four-month period. Decisions are categorised according to the [West Sussex Plan](#) priorities of:

Each month the Cabinet will consider the Council's performance against its planned outcomes and in connection with a register of corporate risk. Areas of particular significance may be considered at the scheduled Cabinet meetings.

Cabinet Member for Education and Skills

Procurement of a Dynamic Purchasing System for Independent Alternative Provision for children with SEND	
<p>The County Council has a statutory obligation to provide suitable education for all pupils including those who, because of exclusion, illness or other reasons, would not otherwise receive suitable education; this is termed Alternative Provision</p> <p>Currently the need for Alternative Provision is predominately for children with Special Educational Needs and Disabilities (SEND) and is commissioned on a case by case basis with Individual Placement Agreements (IPAs) ensuring that the provision meets the needs of the child/young person for each placement.</p> <p>Whilst the County Council provides some of these services, the demand is such that a significant amount of provision has to be purchased from the external market and evaluation shows this is a trend expected to continue. In order to meet this demand, it is proposed to set up a Dynamic Purchasing System (DPS) to enable the efficient sourcing of Independent Alternative Provision services from qualified suppliers.</p> <p>The Cabinet Member for Education and Skills will be asked to approve the commencement of a procurement to set up a DPS to enable the purchase of Independent Alternative Provision services for children with SEND.</p>

Expansion of Oak Grove College, Worthing	
<p>The Special Educational Needs and Disability (SEND) Strategy 2019-2024 aims to provide high quality local education provision for children and young people with SEND and optimise value for money from the High Needs Block of the Dedicated Schools Grant. As part of the development of the SEND Strategy, the County Council has identified an increased demand for extra provision in Special Schools across West Sussex to meet increasing needs.</p> <p>Following a review of current numbers on roll, projected needs and the existing accommodation at Oak Grove College in Worthing the need for additional accommodation has been identified, to enable an increase in planned places from 256 in September 2020 to 271 in September 2021. The school caters for a wide range of Special Educational Needs and Disability for pupils aged between 11 and 19, including children with moderate and severe learning difficulties, complex social and communication difficulties and profound and multiple learning difficulties.</p> <p>The additional physical space created through this work will enable Oak Grove College to accommodate the most complex young people with SEND transferring from neighbouring special schools. Executive Director Children, Young People and Learning

Modifications to the West Sussex County Council Foster Care Allowances	
<p>Since 2017 work has been ongoing to increase the number of in-house foster carers with significant improvements made in the recruitment process, bringing improved practice and efficiencies that have brought the service more in line with the external market, including reducing the time from assessments to approval. Despite significant changes and an increase in the approval of new foster carers in the last two years, it is recognised that further work is required to improve the recruitment and retention of foster carers and to help ensure stability of local placements and quality of care for our children. The current scheme of allowances and wider support offer will therefore be reviewed in a phased approach.</p> <p>Phase 1 - the initial proposal is to carry out some minor modifications to introduce a simplified and competitive scheme of fees and allowances for in-house foster carers, to go live in April 2021.</p> <p>Phase 2 – across 2021 a full service review will be completed, this will include more detailed work to assess other potential adjustments to the fees and allowance scheme as well as the support package provided to our foster carers, the outcome of which will be the subject of a separate key decision process.</p> <p>The Executive Director of Children’s, Young People and Learning will be asked to approve the phase 1 modifications to the existing foster care allowance scheme.</p>

Recommissioning of accommodation services for young people aged 16+

In December 2020, the Executive Director of Children, Young People and Learning approved the reopening of the Dynamic Purchasing System (DPS) portal for accommodation services for young people aged 16 years and over and the extension of the DPS for 2 years from the point of closure, to 31st March 2022 (decision reference [OKD44\(20/21\)](#)). These services offer a leaving care/independent living service for young people in preparation for living independently.

The extension of the existing DPS will allow time for the re-procurement of these services, the aim of which will be to develop a new supported living model for young people aged 16+ which supports the delivery of strategic commissioning aims and objectives, namely;

- To support the transition of young people to live independently,
- To provide a pathway for local affordable social housing,
- To align with the guidance issued by the Ministry for Housing, Communities and Local Government, and
- To support the West Sussex Local Offer for Care Leavers

It is proposed to set up a Framework Agreement to enable the purchase of supported accommodation for young people aged 16+ to continue via new contracts commencing in April 2022 once the DPS expires.

The Cabinet Member for Children and Young People will be asked to approve the commencement of a procurement to set up a Framework Agreement for supported accommodation services for those aged 16+ and to delegate authority to the Executive Director of Children, Young People and Learning to implement the Framework at the conclusion of the procurement process.

Delivery of the Ash Dieback Action Plan - Procurement	
<p>Ash Dieback (ADB) is a disease that is likely to kill 95% of the county's ash trees over the next 10–20 years. This will have a major impact on the county's landscape, the wildlife it supports, other ecosystems that trees provide and climate change.</p> <p>It will also have a high impact on the county and the County Council, posing a significant risk to people, property (including schools) and the delivery of services (including highways). Therefore, a corporate Ash Dieback Action Plan has been prepared to manage the impact of the disease.</p> <p>The aim of the Plan is to effectively address the risks presented by the impact of ash dieback (which will require a programme of reactive and proactive tree removal and replanting), conserve the ecosystems in which ash trees are found across the county, and prepare for a positive regeneration phase with a net biodiversity gain.</p> <p>A specialist contractor needs to be procured to deliver the tree removal and replanting programme. <p>As part of the implementation of Civil Parking Enforcement (CPE), the County Council has previously requested from the Department for Transport the powers to remove, store and dispose of vehicles in contravention of parking restrictions and, although granted, it was agreed that the use of these powers would be subject to further approval from the Cabinet Member for Highways and Infrastructure.</p> <p>With CPE now more established and generally accepted in West Sussex, it is considered that vehicle removal could be a more appropriate tool for vehicles parked in contravention. individuals with untaxed vehicles.

A Vehicle Removal Policy would concern vehicles parked in contravention in the following circumstances:

- Persistent evader vehicles found parked in contravention
- Fraudulent use of disabled persons parking blue badges or an article that purports to be a disabled blue badge
- Parked using a fraudulent on-street parking permit, voucher or pay and display parking ticket, inclusive of cashless parking sessions and virtual permits.
- Parked in a manner that causes serious obstruction to emergency services and other road users
- Abandoned and Untaxed Vehicles

<p>Soft Sand Review: adoption of changes to the West Sussex Joint Minerals Local Plan</p>
<p>The County Council, in partnership with the South Downs National Park Authority, is required to undertake a Soft Sand Review (SSR) of the West Sussex Joint Minerals Local Plan (JMLP), which is part of the statutory 'development plan' for West Sussex. The SSR considers the need for soft sand during the plan period (to 2033) and identifies changes to the JMLP to meet this demand, including the need for new site allocations.</p> <p>Informal public consultation on issues and options took place in January–March 2019 (under Regulation 18) followed by a formal period for representations on proposed changes to the JMLP in January–March 2020 (under Regulation 19). In April 2020, the draft was submitted to the Secretary of State for independent examination, for which hearing sessions took place in August 2020.</p> <p>Following the hearings, the Government-appointed Inspector indicated that the submitted changes needed to be modified. Consultation on Proposed Modifications took place during November–January 2021. The Inspector will consider the Proposed Modifications and the representations made on them. He will then report whether the submitted changes (as modified) are 'sound' and suitable for adoption.</p>

If found 'sound', the Cabinet Member for Environment will be asked to recommend to County Council on 19 March 2021 that the submitted changes (as modified) be adopted (as formal changes to the JMLP) and become part of the statutory 'development plan' for West Sussex.

Care and Support at Home Award of Contracts

In February 2020 the decision (Report ref: [AH11 19/20](#)) was made to commence the procurement of commissioned Care and Support at Home Services with a focus on strengths based and outcomes focused services and an emphasis on a localised and community focused approach in line with the Council's focus on community led support. The decision included delegation of the authority to award the contract to the Executive Director of Adults and Health.

The procurement was delayed as a result of the pandemic, and a decision (Report Ref: [OKD46 20/21](#)) was subsequently taken in November 2020 to extend the current framework to align with the updated anticipated commencement for the new commissioned arrangements on, 4 July 2021.

In accordance with both decisions, the procurement has been undertaken and the Executive Director of Adults and Health will be asked to award the contracts to successful bidders in March 2021 prior to the commencement of the new commissioned Care and Support at Home arrangements in July 2021.

Discharge to Assess with Reablement

Discharge to Assess with Reablement services are designed for hospital patients who are medically fit for discharge, but unable to immediately return home; it is a model recognised by NHS England as facilitating earlier discharge and/or reducing the number and length of delays in discharge from hospital for older people. There is a focus on these services of reablement which supports people to relearn skills with the aim of supporting people to be able to return home and avoid long term admission to residential care.

The key objectives delivered through Discharge to Assess are:

- Reduction of delays and enablement of timely discharges from hospital;
- Reduced level of dependency for as many people as possible by reabling them to increase their independence;
- Ensuring that long-term decisions concerning people’s care needs are not made in an acute hospital setting.

Contracts for the provision of Discharge to Assess with Reablement services were awarded in 2018, for an initial fixed term of 2-years with options to extend to a maximum of 5-years, through an EU Procurement exercise conducted following approval of Cabinet Decision [AH0117-18](#). The initial extended contract term comes to an end on 31st March 2021. The Executive Director Adults and Health will be asked to approve the proposed plans for the future of these contracts.

Review of In House Services	
<p>In 2018 the 'Choices for the Future' transformation programme for inhouse services was approved by the Cabinet Member for Adults and Health. Within the programme there was a commitment to review the in-house residential services.</p> <p>Marjory Cobby House in Selsey is an in house residential resource centre, providing Discharge to Assess with Reablement beds and interim beds primarily for people coming out of hospital and in particular St Richards hospital in Chichester.</p> <p>The demand for residential Discharge to Assess beds has been and is likely to further be impacted by the increase of capacity to support people on a 'Home First' pathway, the commissioning of alternative models of care during the pandemic and the increase in provision of the Community Reablement Service. Supporting people in their own home and maximising opportunities for independence remains the priority as outlined in the Adult Social Care vision and strategy.</p> <p>Proposed Savings were presented to the Health and Adults Social Care Scrutiny Committee on the 13th January 2021 and then at Cabinet on the 22nd January 2021, which included £640k in savings related to in house services and identifying in particular Marjory Cobby House. At the scrutiny committee it was identified that this will involve a 12 weeks consultation and an Equalities Impact Assessment which will be presented back to Cabinet once completed. Following this, Cabinet will be asked to take a decision on the future of Marjory Cobby and the provision of residential based in-house services at this setting.</p>

Procurement: Construction Framework Arrangement	
<p>The County Council carries out repair, maintenance and refurbishment work throughout the corporate estate, a construction framework arrangement is required to deliver work around and within the County Council buildings. This will include repairs and refurbishment as well as new build requirements where needed. It will enable the County Council to place works orders with a variety of qualified contractors to deliver works that fall outside of the current maintenance contract.</p> <p>The anticipated spend through the new Framework is approximately £48m over a maximum term of 4 years. The value of the Framework is greater than £4,733,252 ex VAT so, in order to comply with the requirements of EU/UK law (the Public Contract Regulations 2015) and the County Council's Standing Orders on Procurement and Contracts, an OJEU procurement must be run to establish a new Framework Agreement.</p> <p>The Cabinet Member will be asked to agree to the commencement of a procurement process to begin in September 2020, contract to be awarded in January 2021 and commence on 1 February 2021 and to delegate to the Director of Property and Assets, the authority to award contract/contracts.
