Annual Monitoring Report of Complaints Regarding Levels of Service Delivery	
Report by Executive Director - Place Services and Director of Communities	

Summary

The Standards Committee reviews the Annual Monitoring Reports of Complaints on behalf of the Council and makes recommendations for improvement

Recommendation

That the report be adopted

Proposal

1. Background and Context

- 1.1 This is the fourteenth annual report on complaints against the County Council and covers the calendar year 2018.
- 1.2 The report also provides information for decisions issued by the Local Government Ombudsman (now the Local Government and Social care Ombudsman).
- 1.3 Learning from complaints and compliments can impact individuals, the organisation and the community we serve. For these reasons monitoring and reporting systems are in place to support this aspect of managing complaints.
- 1.4 The learning and service improvement opportunities from complaints can be much greater when aggregated across the whole service over a period of time, but it is also the case that useful organisational learning can be drawn from individual complaints. Examples of learning from complaints are given in the report, which also gives updates on the system introduced during 2017 to bring added focus to these learning opportunities by informing and involving Directors and Heads of Service in complaints management and learning improvements.

2. Proposal

- 2.1 That the report be adopted and published on the Council's website

3. Resources

3.1 There are no resource implications attached to publication of the reports

6. Risk Implications and Mitigations
