

Forward Plan of Key Decisions

The County Council must give at least 28 days' notice of all key decisions to be taken by members or officers. The Plan describes these proposals and the month in which the decisions are to be taken over a four-month period. Decisions are categorised according to the West Sussex Plan priorities of:

- **Best Start in Life** (those concerning children, young people and schools)
- **A Prosperous Place** (the local economy, infrastructure, highways and transport)
- **A Safe, Strong and Sustainable Place** (Fire & Rescue, Environmental and Community services)
- **Independence in Later Life** (services for older people or work with health partners)
- **A Council that Works for the Community** (finances, assets and internal Council services)

The most important decisions will be taken by the Cabinet sitting in public. The schedule of monthly Cabinet meetings is available on the website. The Forward Plan is updated regularly and key decisions can be taken on any day in the month if they are not taken at Cabinet meetings. The Plan is available on the County Council's website and from Democratic Services, County Hall, West Street, Chichester, PO19 1RQ, all Help Points and the main libraries in Bognor Regis, Crawley, Haywards Heath, Horsham and Worthing. Published decisions are also available via the website.

A key decision is one which:

- Involves expenditure or savings of £500,000 or more (except treasury management); and/or
- Will have a significant effect on communities in two or more electoral divisions in terms of how services are provided.

Each month the Cabinet will consider the Council's performance against its planned outcomes and in connection with a register of corporate risk. Areas of particular significance may be considered at the scheduled Cabinet meetings.

Significant proposals for the management of the Council's budget and spending plans will be dealt with at a scheduled Cabinet meeting and shown in the Plan as strategic budget options.

Executive Director People Services

Hospital Discharge Care Service Award of Contract

Health and social care in West Sussex are working together to develop and implement a pathway for people who are medically fit for discharge from acute hospitals but who may have continuing health or social care needs. People meeting these criteria and who do not require 24 hour care would be supported to return home immediately through this 'Home First' pathway without having their care needs assessed in hospital. In August 2019, the Executive Director People Services approved the commencement of a procurement process for new hospital discharge care services ([Report Ref: OKD15 19/20](#)) that will form one part of the multi-agency approach to the 'Home First' care pathway.

Following the completion of the procurement process the Executive Director Adults and Health will be asked to award contracts for hospital discharge care services to commence delivery from April 2020.

Cabinet Member for Adults and Health

Procurement of Accommodation Based Support for Alcohol/Drug Recovery

The Cabinet Member is asked to agree to the commencement of a procurement process to secure the provision of Accommodation Based Support for Alcohol/Drug Recovery for the population of West Sussex. A new service will be effective from 1st April 2021.

Objectives of the service are:

- To maintain substance misuse recovery, and sustainable independent living
- Reduction in drug and alcohol related harm. Contributes to Public Health Outcome Framework (Phof) indicators.
- Improvement in the stability of people's accommodation
- Improvement in physical and mental health and wellbeing
- Improvement in social, family and community networks
- Increased engagement with education, training, volunteering and employment
- Reduction in offending and anti-social behaviour

Activity will fit with the wider Prevention Strategy of West Sussex County Council, looking to support individuals with alcohol related difficulties earlier in their drinking history, and to prevent escalation of substance use related problems. An expected benefit will be an increase in local access to community settings for alcohol assisted withdrawal programmes.

Activity will support efforts to reduce risks of drug related deaths and reduce the numbers of drug deaths in treatment (an area of focus, working with Public Health England) and a priority of the Safer West Sussex Partnership Board.

The contract will run for a period of four (4) years with the possibility of a further extension for up to two (2) years built into the terms of the contract. The total value of the contract funded through the public health grant, is approximately £2.10M (including extension period). There are additional income streams from Housing Benefit revenue (majority contributor) and from District and Borough Councils.

The Cabinet Member is also asked to delegate the authority to award the contract and decisions about future extension of this contract to the Director of Public Health in consultation with the Cabinet Member.

Supported Living Services Procurement

Supported Living services are care, support and accommodation services purchased by the Council on behalf of people who have been assessed as having eligible social care needs. These services support people to live more independently through the provision of personal care and outreach support.

The council currently commissions the majority of these services from a framework agreement which first commenced in April 2012 (Supported Living & Personal Support for Adults with Learning Disability Framework). In 2016 a new framework was let (Supported Living and Family Support Services for adults with learning disabilities and disabled children and young people in West Sussex Framework). This framework ends in March 2021.

The commissioning of supported living is being reviewed with proposals being developed for new arrangements to be established across the county which will enable the achievement of our strategic aim to support more people to live in settled accommodation, with their family or in their own tenancy, for longer. The council will develop new arrangements considering: the challenges faced in the market - particularly around recruitment and retention of staff; the provision for increasingly complex individuals; the need to strengthen community networks and maximise customer independence; and develop services which meet the expectations of customers and their families.

Following the review and wide-ranging stakeholder engagement, the Cabinet Member for Adults and Health will be asked to approve the commencement of a procurement process to source the future supported living services and delegate authority for Contract Award to the Executive Director People Services.

Adults' Services Improvement - Next Steps	
<p>In 2018 in response to identified pressures and service challenges within adult social care a peer challenge led to a 100-day plan of action followed by a three-year programme of improvement structured around 100-day milestones starting in November 2018.</p> <p>By the start of the improvement programme the service was in a better position and that progress has continued. During the summer of 2019 the service faced additional operational pressures and the improvement programme was refocused towards helping to address those.</p> <p>In October 2019 in order to increase the scale and pace of delivery, the Council appointed a strategic partner to carry out a diagnostic assessment across both Adults' and Lifelong Services to identify ways to improve service outcomes for people whilst identifying opportunities for more cost-effective ways of working. The output from this work describes the challenges facing the services and the specific actions that would deliver long-term cost effective and sustainable improvement.</p> <p>The Cabinet will be asked to consider the outputs from this diagnostic assessment and agree the next stages for the ongoing improvement of the Adults' and Lifelong Services including the procurement of activity to drive their delivery.</p>

Commissioning of Care and Support at Home	
<p>Care and support at home services (also known as domiciliary care or home care) are services purchased by the Council on behalf of people who have been assessed as having eligible social care needs. These services support people to maintain their independence through the provision of personal care and support.</p> <p>The Council currently commissions the majority of these services from a framework agreement which commenced in 2015 and which will come to an end in January 2021. This framework was developed jointly with NHS Continuing Healthcare who also use the contract. In addition, the Council purchases services from the wider market through a contractual agreement. The commissioning of care and support at home is being reviewed with proposals being developed for new arrangements to be established across the county which will enable the achievement of our strategic aim to support people to live independent lives for longer. The Council will continue to work with health partners on these arrangements, to prevent unnecessary emergency hospital admissions and speed up discharges.</p> <p>Given the strategic context in which this recommissioning is set, Care and Support at Home shall ensure that it:</p> <ul style="list-style-type: none"> • Enables people to be independent for longer in their home, having choice and control over their care which is personalised for their needs. • Stimulates the care market to build capacity and deliver sustainable and high quality care, including a skilled, valued and sustainable workforce. • Strengthens community networks and supports people closer to where they live. Including increasing the number of Direct Payments. • Works in partnership with providers, the NHS, communities, the independent and voluntary sector and those in receipt of care to ensure the coordination and delivery of high quality care. • Understands market capacity and capability to make informed decisions and be innovative. Improve technology systems, including payments to improve the process for all stakeholders. • Maximises short-term services to reduce demand and maximise customer independence. <p>Following the current review and a public consultation, the Cabinet Member for Adults and Health will be asked to approve the commencement of a procurement process to source the future care and support services and delegate authority for Contract Award to the Executive Director People Services.</p>
