### **18. Talk With Us Open Forum**

18.1 The Vice-Chairman invited members of the public to ask questions of the Committee relating to business not already on the agenda for discussion. In relation to the questions asked the following information was provided:

18.2 Parking on grass verges in the Borough is not a criminal offence, however any obstructions should be reported to the Police. Central Government has recently been discussing the possibility of changes in the law regarding inappropriate parking, as this issue is a national one.

18.3 A Public Space Protection Order would be the responsibility of the Borough Council to investigate and impose.

18.4 The County Council would only investigate and deal with weeds on the highway/footpaths if they had the potential to become a safety hazard or were causing structural issues. The public were encouraged to deal with any nuisance weeds themselves within their communities.

18.5 Members of the public are welcome to approach the County Council if they wish for accessible parking bays to be installed in their local areas.

18.6 The new gritting scheme that was to be imposed throughout the winter months was in line with the national average standards and would still afford high levels of safety for residents.

## 19. **Highways Progress Statement**

19.1 The Vice-Chairman invited the Area Highways Manager to introduce the update to the Committee. The Area Highways Manager gave a summary of the information included in the Progress Statement.

19.2 Members of the public raised concerns over the Manor Royal Parking Management Plan – however it was understood that this was a separate issue to the Road Space Audit included in the update. The Committee requested that the Head of Highways be invited to attend a future meeting to answer questions.
