Community Group	LAVANT PARISH COUNCIL
Project Title	DRAINAGE REPAIR FOR SHOP LANE,LAVANT
<p>Description of issues, needs and/or initiatives –LAVANT PARISH AREA DUE TO THE NATURE OF THE LOW LIE OF THE VILLAGE HAS FALLEN FOUL OF FLOODING FOR MANY YEARS</p> <p>DURING A PREVIOUS UTILITIES VISIT THE PIPE HAS BEEN SEVERED. DURING INCREASE IN HORRENDOUS WEATHER THIS WINTER. HEAVY RAIN FALL CAUSED EXCESS WATER FLOWS AND SPROUTS FROM THE ROAD TO SHOP LANE. A TORRENT OF WATER FLOODS INTO RESIDENTS HOUSES. A SITE VISITS BY WSCC ENGINEER SORTS A SOLUTION IN DRAINAGE IMPROVEMENTS CAN FOUND IN THIS AREA .CO-ORDINATING WITH HIGHWAYS AND CONTRACTS TO PROVIDE QUOTES FOR THE WORK</p>	
<p>Brief description of proposed works or activity. Proposal submitted by LANDBUILD LIMITED</p> <p>Preliminaries, Mobilisation, Insurances, Pedestrian and Chapter 8 Traffic Management. Road closure with short diversion</p> <p>Shop Lane, New Gullies and Soakaway Install new precast 900x450mm concrete gully to WSCC standard detail S78/38/11 on eastern and western sides of junction x 2</p> <p>Install new 1200/900mm precast concrete ring soakaway in carriageway Depth to soakaway invert to be 1500mm x 1</p> <p>Form connections form new gullies to new soakaway in 150mm Upvc twinwall pipe with concrete bed and surround. Trenches to be reinstated to HAUC specification using bituminous surfacing to match existing x 8 m2</p> <p>Allowance for excavation on possible blockage – hand dig to expose existing surface water pipe at location of suspected blockage, allowance to repair/replace approximately 1 lin m of pipework up to 300mm in size and full carriageway reinstatement to HAUC specification x 1</p> <p>Jet and CCTV survey existing surface water network in Shop Lane including to suspected outfall in low point of Shop Lane - Provide full report of findings x 1</p> <p>Provide 2 operatives, Van and Tools, 3t excavator, hydraulic breaker and Chapter 8 signage and barriers for ad-hoc repair works pending survey results</p> <p>Provisional sum for materials for reinstatement of adhoc drainage repair works</p> <p><i>Notes:</i> No allowance for Highways Licenses Installation, location and size of soakaway dependent upon location of underground services/obstructions</p>	

Section D: Your funding application

Complete details

How long has the community been aware of the issue or needs you aim to address?
 SHOP LANE HAS BEEN AN ISSUE FOR A NUMBER OF YEARS AS A RESULT THE UTILITY DAMAGE

What are the Operation Watershed objectives this work will achieve? (please tick)

Protects homes, properties, businesses and access from flooding	X
Improves and or develops 'Community Commitment' to deliver the project including all and any future maintenance	X
Makes material change improvements to existing infrastructure	X
Improves local understanding of maintenance, obligations and responsibilities	X
Improves maintenance and or increases capacity of drainage and watercourse	X
Supports development of joint working with other groups addressing flood issues	X
What will the scheme protect? (please tick)	
Residential properties	X
Commercial Premises	X
Public Highway	X

Has the project identified any vulnerable people who will benefit from this work/activity?	Yes Vulnerable elderly residents at risk
Does the project align with any existing emergency plan or is this something that will be looked at as part of the project?	YES – LAVANT EMERGENCY PLAN
Who is going to do the work for you?	LANDBUILD LTD
Are any Community Volunteers involved	Yes or No
For contracted works what is the estimated cost of the proposed project? <i>(Please provide competitive quotes from 3 contractors):</i>	<p>Include the cost provided by the nominated contractor.</p> <p>3 QUOTATIONS ATTEMPTED TO BE OBTAINED ONLY ONE PUT FORWARD</p> <p>LANDBUILD LTD = For the sum of (excluding VAT) £17,578.56</p> <p>B&M PLANT HIRE(SUSSEX) LIMITED – ATTEMPTED CONTACT NO QUOTE SUBMITTED</p> <p>JOHN BROWN PRIMAVERA LIMITED ATTEMPTED CONTACT NO QUOTE SUBMITTED</p> <p>EDBURTON CONTRACTORS LIMITED ATTEMPTED CONTACT NO QUOTE SUBMITTED</p>
Total amount of grant funding you are applying for:	Complete the amount you are applying for £17,578.56
Identify any match funding for project	Complete the amount of match funding you have towards your application

Community Commitment Statement: *Please provide a statement detailing;*

What the Group is contributing to the delivery of this project in terms of management, funding, volunteers;

What the Group will contribute to further outcomes after completion of this project;

What commitment the Group will make to ongoing maintenance where appropriate;

How this project will bring your community closer together.

Lavant Parish Council Project development is to improve Flooding in this area which is a commitment for its residents who mention the issues every winter. The managing of flood risk and drainage issues are a constant on the Parish Council agenda due to the lie of the land in the Valley. The project seeks to address those issues which are important to the residents such as this example where a fountain of flood water flows up through the road where utility has damaged a drain which causes excess water flow down shop Lane causing floods. The extreme weather this country is experiencing produces heavy rain fall which as scientist report is not going to get better. As a parish council we would like to achieve a solution to this by seeking financial support with this project.

There is a team of volunteer councillors who have been on site with the engineers of Highways who have gathered a technical Scope to repair and install a new sump drainage and attending site followed by supporting costings have been presented above .Quotations from contractors have attempted to be gathered by 3 contractors.to show good value for money to improve the flooding and offer solutions effected through this local project working together with the agencies to improve the drainage works around this area A letter has been written to the Landowner to request assistance with maintenance of the adjacent land to clear ditches . We have had commitment from Goodwood estates to maintain their land as riparian responsibility. We have a good close working relationship with Goodwood and a member of the council is a representative on the outside body team on their community meetings group to enable regular communication of any issues.

The Lavant Volunteer force is a group of 20+ locals who meet once or twice a week to maintain the village – this includes the monitoring of drainage infrastructure who have highted this to the council to seek help to improve the current situation in this area and a commitment of regular checks of the roads and drainage 6 times a year to keep the water flowing down the drains free of the erosion of silt .; amongst many other jobs to support the village.

In order to be able to keep up this work on a regular basis the group need to have assistance from a contractor to help reduce the flooding and improve the drainage. The PC is committed to making an allowance in its precept for future maintenance to be carried out.

The forming of the LV by the Parish Council has created a 20+ strong group of residents who come together to keep the village maintained and monitor the drainage situation going forward to support WSCC. The Village hub is for the volunteers where all their equipment will be kept and where they can meet and repair/make items for use around the village. Most of the volunteers currently are retired people but they are trying to encourage younger members of the community to join. Not only does the group provide an invaluable service to the community in what it achieves but it is also a way of reducing social isolation.

The elderly residents are at risk from the change in the weather and this drainage solution will help prevent the Lavant residents need to invoke the Emergency Plan. The village has a village hall which could be used in an emergency and the team have identified those most at risk in the village.
