The Fund has a key objective to ensure the accuracy and completeness of the information held to deliver a good administration service to all stakeholders.

Hampshire County Council has provided the Pension Administration service for the Fund since 4 March 2019.

8,385 key member processes were completed in 2021/22.
100% of Key Performance Indicators were met.

Members can find out information about their benefits via the [Portal](#).

A key health check of the Pension Fund's performance is the Pension Fund's valuation which is carried out by the Fund's actuary every three years.

This has allowed the Pension Fund to reduce contribution rates for its major employers where appropriate.

Pension benefits are based on membership in the Scheme and are set in statute – they are not dependent on the returns achieved by the Fund on its investments.

The Pension Fund’s investments help manage costs of the Scheme for employers and include assets which:

- Provide returns in line with equity markets (growth assets)
- Provide an additional income stream (income assets)
- Store value and reduce volatility the of funding levels relative to variations in interest rates and inflation pricing (protection assets)

As at 31 March 2022, our investments assets total

£5.48bn

The Pension Fund is a long term investor and over the last 10 years has outperformed the market.

As a responsible investor, the Pension Fund requires its managers to actively engage with companies.

During the year areas of engagement have included climate strategy, net zero emissions and good governance practices. The Fund also uses its voting rights actively, and in 2021/22 have voted on 97% of resolutions proffered.

100% of the Fund’s investment managers participate in the Principles of Responsible Investment (PRI) initiative.
