

## Agenda item 5 – DMMO 04/20

### Proposal:

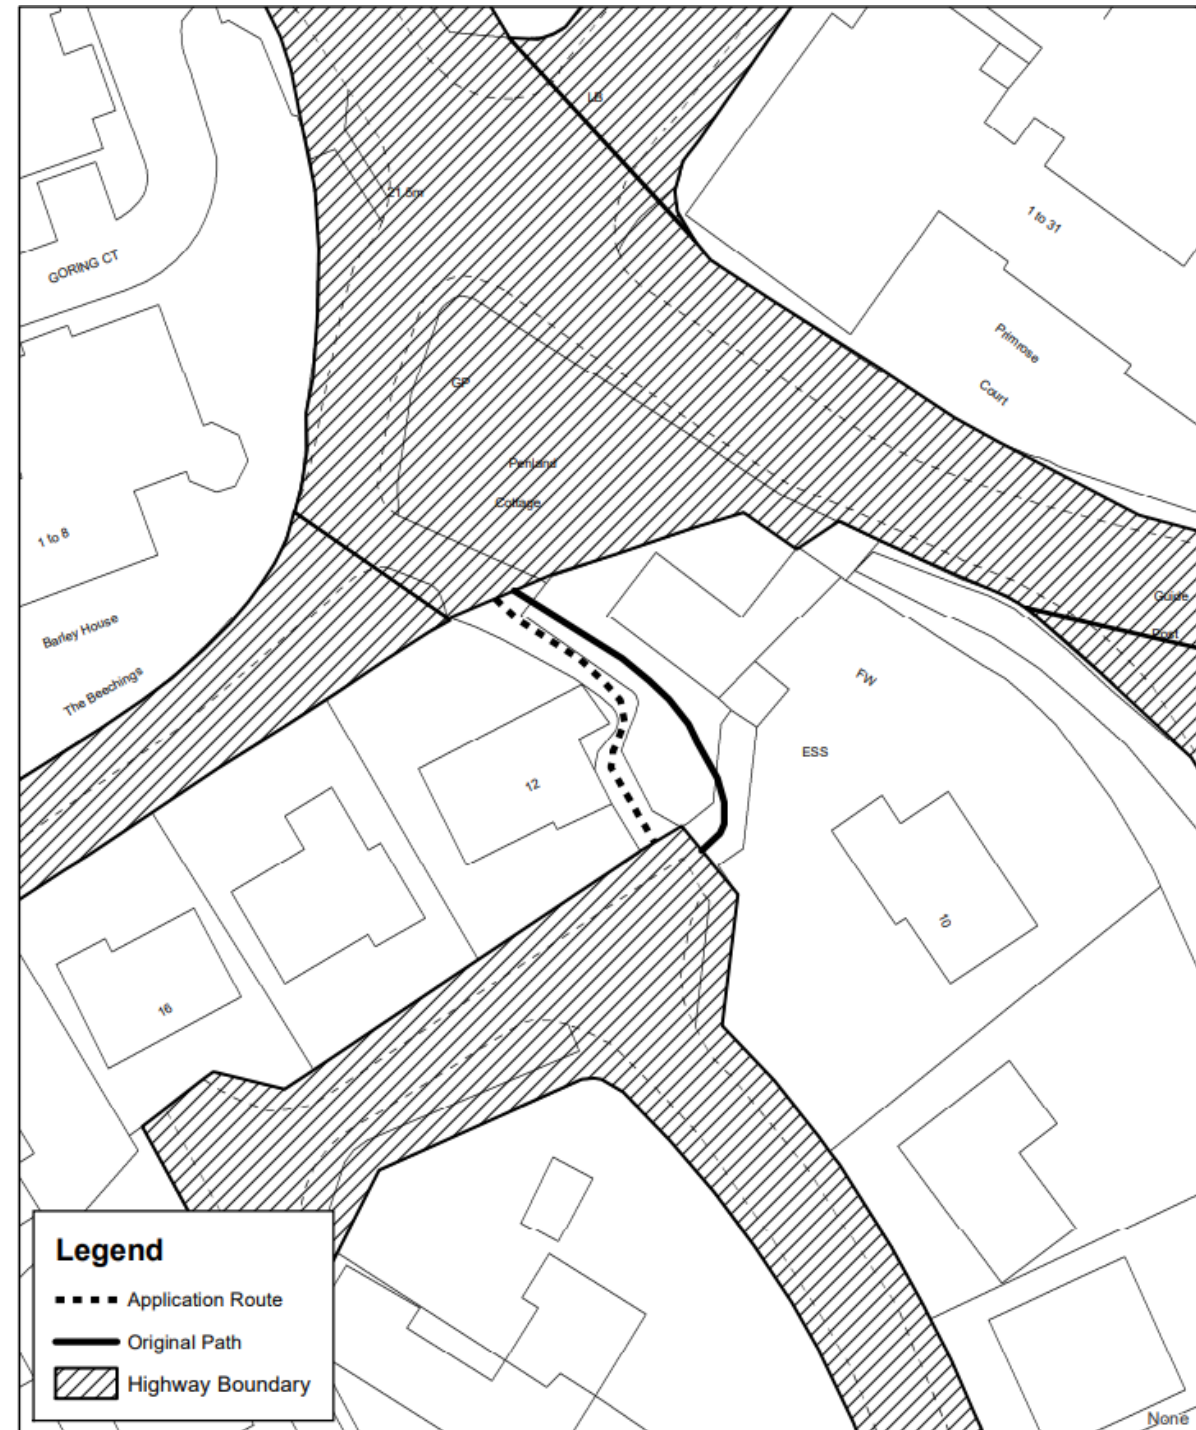

To add a new footpath between Coombe Drove in the parish of Bramber and Bostal Road in the parish of Steyning.

### Evidence:

The application is based on user evidence showing continuous use by the public of the passage between Penland Cottage, to the north-east, and 12 Coombe Drove, to the south-west, since at least 1965. In 1996 changes were made to the route of the path, and that path (shown with a dotted line) is now being claimed as a right of way under section 53(2) Wildlife and Countryside Act 1981. The evidence shows that use was as of right and without interruption on the original route (shown in a continuous line) between 1976 and 1996.

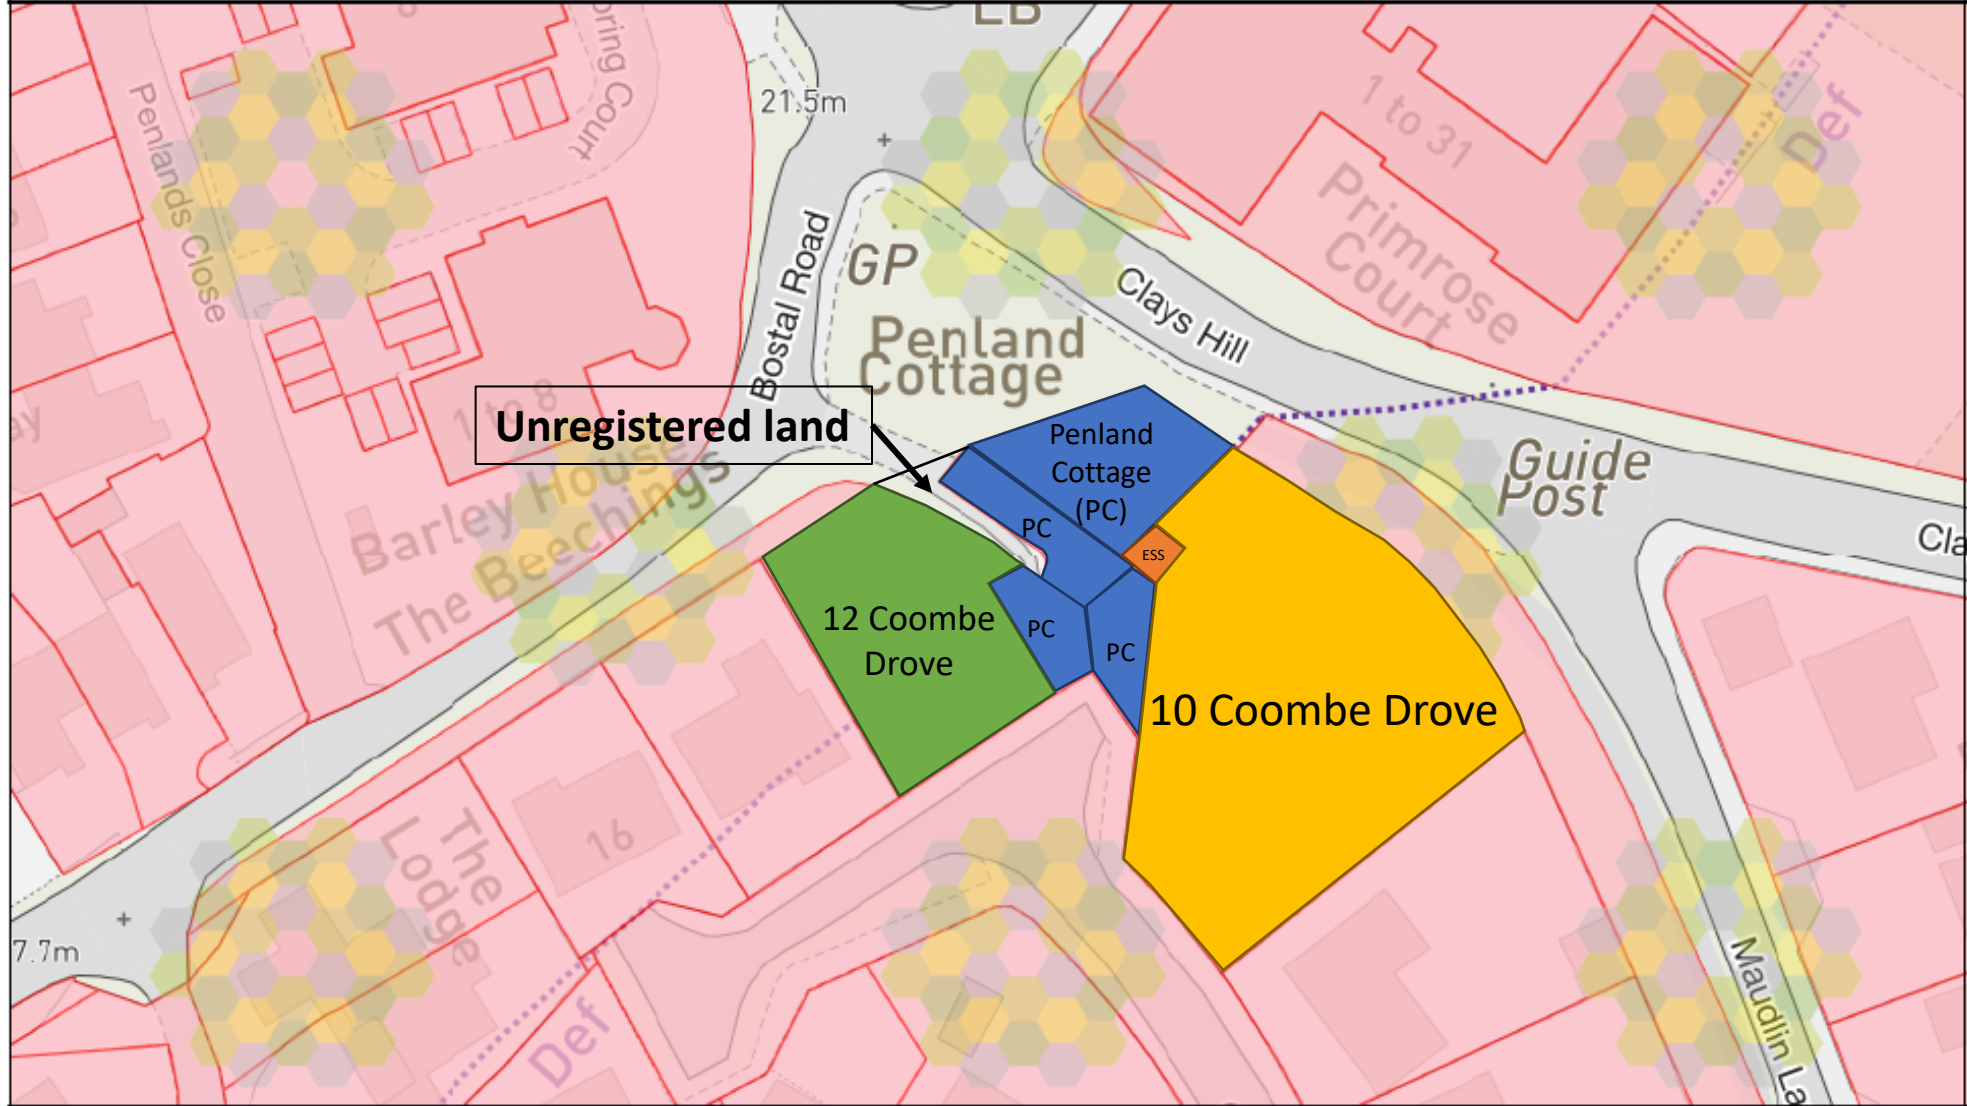

### Recommendation:

That a Definitive Map Modification Order to add the footpath on its original line be made.

Plan showing Land Ownership around Application Site (from HM Land Registry)
