Risk Description

Cyber threat is an evolving, persistent and increasingly complex risk to the ongoing operation of County Council.

There is a risk of a successful cyber attack directly from external threats; or indirectly as a consequence of members or staff falling prey to social engineering or phishing attacks.

The potential outcome may lead to significant

service disruption and possible data loss.

Risk Description

The care market is experiencing an unprecedented period of fragility, particularly due to staff shortages and increasing demand. This has been further exacerbated by COVID19. If the current and future commercial/economic viability of providers is not identified and supported, there is a risk of failure of social care provision which will result in funded and self-funded residents of West Sussex left without suitable care.

Risk Description

The financial sustainability of council services is at risk due to uncertain funding from central government and economic conditions (mainly inflation and interest rates) impacting on service delivery, and/or failure to make the required decisions to ensure the budget is balanced. This has been compounded further with the COVID-19 pandemic and the now cost of living crisis which is making economic conditions uncertain, and impacting on the cost of council services and demand for services.

Monitor the use of additional funds made available to improve service delivery.	Ongoing
Monthly monitoring of the financial position in 2022/23 and 2023/24 and reported to ELT and Cabinet Member for Finance to ensure pressures are visible and mitigating action put in place. This includes reporting on the delivery of savings in year.	Ongoing
Publication of annual MTFS (Revenue and Capital) across a five year planning period aligned to the Council Plan. The budget gap for 2024/25 remains challenging - currently estimated at £40 to £50m over the medium term that will require a long term approach to financial planning and a different approach to identifying cost reductions and income generation (aligned to the Council Plan and priorities limited resources). Risk Description

Climate Change Adaptation -West Sussex faces the high risk of increasing impacts of climate change including extreme heat, severe storms, flooding and sea level rise, among others. Without proactive consideration of and preparation for these impacts, WSCC assets, service delivery and West Sussex residents are at increased risk of damage, disruption and injury. This will lead to protracted service disruptions, dangerous conditions and increased reliance on emergency services. In the longer term this could lead to displacement of residents and businesses in vulnerable, lower lying areas.

The government have stipulated that from 9 Sep 2021 children in care under 16 will not be allowed to be accommodated in unregistered placements. This has strengthened existing regulations that stipulate that all children and young people who require residential care must be placed within registered children's homes. Due to a local and nationwide shortage of registered provision there is a risk that these children and young people will not be cared for in settings that best meet their needs, which could lead to safeguarding concerns and enforcement action against the providers of unregistered homes and local authorities.
