

# Forward Plan of Key Decisions

The County Council must give at least 28 days’ notice of all key decisions to be taken by councillors or officers. The Plan describes these proposals and the month in which the decisions are to be taken over a four-month period. Decisions are categorised according to cabinet member portfolios.

The most important decisions will be taken by the Cabinet sitting in public. The meetings are also available to watch online via our webcasting website. The schedule of monthly Cabinet meetings is available on the website.

The Forward Plan is updated regularly and key decisions can be taken on any day in the month if they are not taken at Cabinet meetings. The Plan is available on the website. Published decisions are also available via the website.

A key decision is one which:

- Involves expenditure or savings of £500,000 or more (except treasury management); and/or
- Will have a significant effect on communities in two or more electoral divisions in terms of how services are provided.

The following information is provided for each entry in the Forward Plan:

## Finance, assets, performance and risk management

Each month the Cabinet Member for Finance and Property reviews the Council’s budget position and may take adjustment decisions. A similar monthly review of Council property and assets is carried out and may lead to decisions about them. These are noted in the Forward Plan as ‘rolling decisions’.

Each month the Cabinet will consider the Council’s performance against its planned outcomes and in connection with a register of corporate risk. Areas of particular significance may be considered at the scheduled Cabinet meetings.

Significant proposals for the management of the Council’s budget and spending plans will be dealt with at a scheduled Cabinet meeting and shown in the Plan as strategic budget options.

## Commissioning and Contract Management for Avila House - Extra Care Housing Scheme

West Sussex County Council are working in Partnership with District & Borough Councils and Registered Housing providers to develop New Extra Care Housing Schemes across West Sussex.

Extra Care Housing provides specialist accommodation to adults who require adapted properties and have been assessed as having eligible needs for care and support. The Schemes provide individual adapted apartments, and an onsite care team. Extra Care Housing is enabling residents of West Sussex to remain independent within their communities and provide an alternative option to Residential Care.

Avila House is an existing building in Worthing that is being converted to provide an extra care scheme for adults who require care, support and suitable housing. Avila House will be the first scheme in the county to accept referrals for adults who meet the criteria age 18 years plus.

Construction at Avila House is due to commence in September 2022 and anticipated to be completed in approximately 1 year. This will enable the first customers to be moving in November 2023.

The Executive Director for Adults will be asked to approve a direct award to Leonard Cheshire to provide the care and support contract at Avila House.

### **Award of Contract for Professional Service Support (Adult Services)**

To support the delivery of our Council Plan 2021/2025 and the Adult Social Care Strategy 2022-25, the Adults and Health directorate has set out its strategic purpose and outlined how the directorate will deliver services. To achieve this, the directorate will need to deliver a significant programme of work throughout 2023/24 and 2024/25, as well as respond to ongoing service pressures and emerging government legislation.

The nature, scale and complexity of the programme means that fixed-term external capacity and skills are needed to work alongside in-house teams to deliver core elements of programme.

The Director of Adults and Health (DASS), having previously approved the commencement of an open-tender procurement process, to provide the fixed-term external capacity required, will be asked to award the contract to the preferred bidder.

### **Procurement Commissioning of Care and Support at Home**

Care and support at home services (also known as domiciliary care or home care) are purchased by the county council on behalf of people who have been assessed as having eligible social care needs. These services support people to maintain their independence through the delivery of personal care and support, provided within a person's own home.

The county council currently commissions the majority of these services from a framework agreement which commenced in 2015. This will come to an end at the latest by March 2024. This framework was developed jointly with NHS Continuing Healthcare who also use the contract. In addition, the county council purchases services from the wider market through a legacy contractual agreement and a more recent contingency contract.

The commissioning of these services is currently being reviewed with proposals being developed for new arrangements and contractual agreements. These will enable the achievement of our strategic aim to support people to live independent and fulfilled lives and also to reduce the need for long term residential services as part of the ambitions set out in the [Adult social care strategy 2022-25](#). New arrangements will seek to ensure there is capacity across West Sussex to meet the needs of those with care and support needs and supports a sustainable care and support at home provider market in West Sussex. The expected value of the annual spend on domiciliary care for the life of these new arrangements is approximately £35 million, potentially rising to £40 million over the life of the contract depending on inflationary and demographic pressures.

Following the review, the Cabinet Member for Adults Services will be asked to approve the commencement of a procurement process to source the future care and support at home services and delegate authority for contract award to the Director of Adults and Health.
