| CR7 | There are governance systems which are not used fully and to best effect, and some which do not fit well together. This inhibits effective performance and delivery and frustrates those involved. | CR22 | The financial sustainability of council services is at risk due to uncertain funding from central government and economic conditions (mainly inflation and interest rates) impacting on service delivery, and/or failure to make the required decisions to ensure the budget is balanced. This has been compounded further with the COVID-19 pandemic and the now cost of living crisis which is making economic conditions uncertain, and impacting on the cost of council services and demand for services. | Director of Finance & Support Services | 1. Insufficient government funding to deliver services and the impact of changes in the funding formula and Levelling Up Agenda in the medium term. | Mar-17 | 4 | 4 | 16 | Treat | 4 | 3 | 12 | Monthly monitoring of the financial position reported to ELT in addition to a separate report on Children's and Adults to consider mitigations for growing pressures and costs and progress against the delivery of savings. Monthly update to Cabinet Member for Finance and Property and Leader. | Director of Finance & Support Services | ongoing | | 4 | 5 | 20 | Jan-24 |
| | | | 2. Adverse effect on reserves/balanced budget. | | | | | | | | | Annual review of reserves undertaken to ensure they remain at a prudent level but can be used for one off unexpected spend. All use of risk and uncertainty reserves are assumed to be replenished and assumed within the MTFS position. Monitor the use of additional funds made available to improve service delivery. | | | | | | | |
| | | | 3. Reputational impact through reduction of service quality | | | | | | | | | Financial Planning sessions with ELT and Cabinet taking place to ensure officers and Members understand and own the financial challenge. | | | | | | | |
| | | | 4. Increased liability of service delivery, transferred by external partners due to funding restrictions i.e. supporting homelessness. | | | | | | | | | Publication of annual MTFS (Revenue and Capital) across a five year planning period aligned to the Council Plan. A balanced budget for 2024/25 is expected but with a budget gap of £140m for the period 2025/26 to 2028/29, long term planning is critical and will commence Autumn 2023. | | | | | | | |
| | | | 5. Additional unexpected service and cost pressures from savings decisions. | | | | | | | | | Continue to lobby for fairer funding for Local Government through, fiscal announcements. Lobbying as individual County Council, part of the SE7 Group, SCT and CCN. Responses provided to all relevant Government consultations on changes to ensure the Voice of West Sussex is heard. | | | | | | | |
| | | | 6. Financial implications from the long term recovery of the Covid-19 pandemic, Cost of Living Crisis and volatile economic conditions. Particularly impacting on social care, energy prices and cost of construction for the capital programme. | | | | | | | | | Annual review of progress against the 17 standards in the FM code, ownership by ELT and Cabinet. Annual action plan in place and monitored for continuous improvement. | | | | | | | |
| | | | Impact of new legislation and requirements which are not fully funded and require additional council resources for delivery. | | | | | | | | | | | | | | | | |
| | | | Statutory over rides relating to pooled investments and the DSG deficit ending in 2025/26 with no long term solution to address the financial implications on the County Council. | | | | | | | | | | | | | | | | |
| | | | Increased demand and cost of services - budget is set based on a set of assumptions and the latest information available. As demand and costs continue to increase, particularly in social care, there is a risk that these assumptions are not correct resulting in an overspend that required funding through use of contingency or reserves. | | | | | | | | | | | | | | | | |
| | | | Non delivery of in year savings resulting in an overspend that will need to be funded either through use of corporate contingency or reserves. | | | | | | | | | | | | | | | | |
