

October 2018 Worthing CLC update – Worthing Growth Programme

Design work on the proposed public realm improvements for Portland Road is progressing. WSCC and WBC have met with businesses on Portland Road and undertaken a key stakeholder consultation to inform the design work. A public consultation on a design for Portland Road is due to take place at the end of the year. In the meantime initial survey work is underway to support the proposed public realm improvements on South Street. Workshops with key stakeholders and businesses will be undertaken following this and a public consultation on a design is expected to take place early in the new year.
