

Chichester Proposed Parking Management Plan

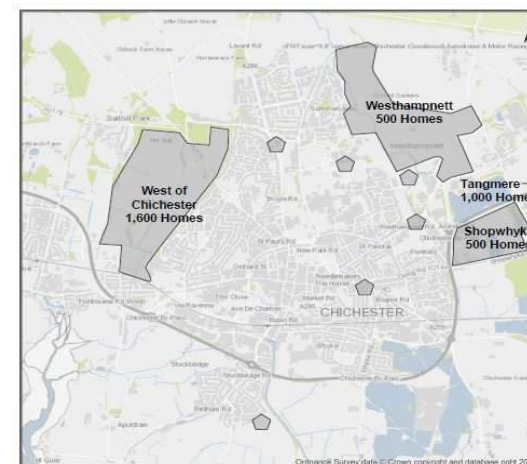

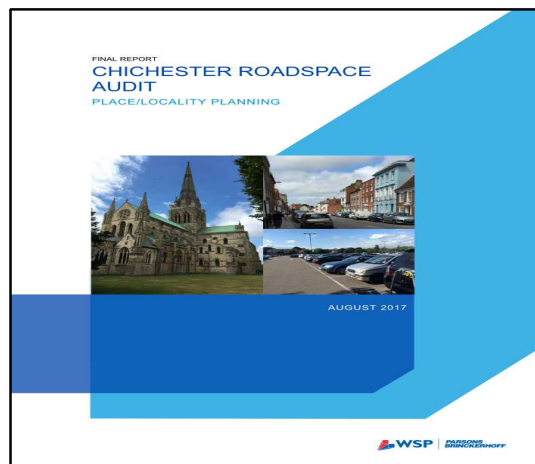

Miles Davy

Parking Strategy Team Manager

Tuesday 5 February 2019

Chichester Road Space Audit

A new approach that seeks to create a longer term plan to meet current and future on-street parking demands across the city as well as support economic development, improve safety and promote more sustainable forms of transport.

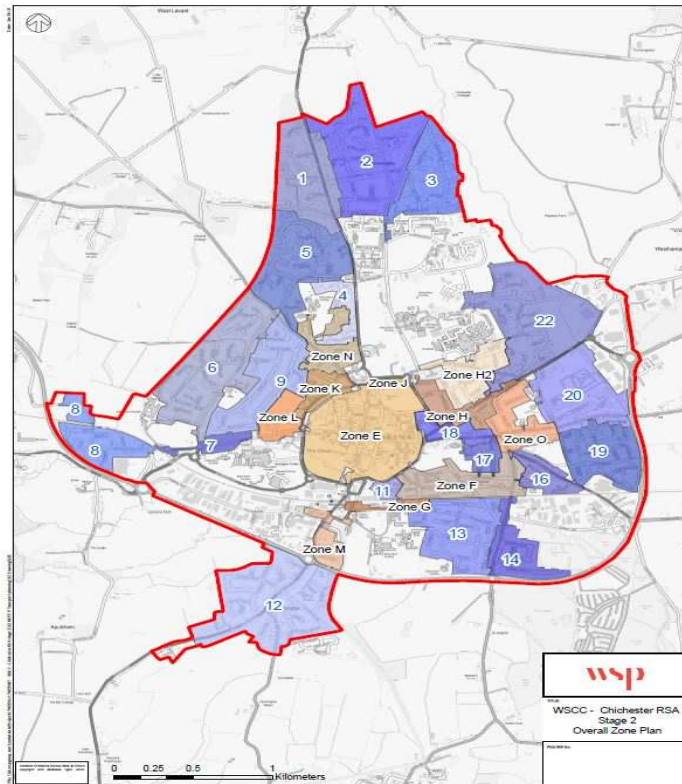

Chichester Road Space Audit

Chichester Road Space Audit

- Summer 2015 - WSP/Parsons Brinkerhoff appointed to undertake the Road Space Audit (RSA)
- Summer/Autumn 2015 – Parking surveys/desk top research study
- July 2015 – Initial engagement with Chichester District Parking Forum
- January/February 2016 – Stakeholder scoping workshops
- Spring 2016 – Further development of concepts/themes
- June 2016 – Further engagement with Chichester District Parking Forum
- July 2016 – Draft RSA completed
- September-November 2016 – Stakeholder feedback on draft RSA
- November 2016 – Further engagement with Chichester District Parking Forum
- March 2017 – Feedback to County Councillors on stakeholder engagement
- June 2017 – Update to South Chichester County Local Committee
- August-November 2017 – Public Consultation on RSA
- February 2018 – Report to South Chichester County Local Committee (decision to proceed with PMP design)
- September 2018 – Stakeholder design workshops
- December 2018 – Report to Cabinet Member for Highways and Infrastructure (RSA decision making process)
- February 2019 – Public consultation on PMP design

Chichester Proposed Parking Management Plan

A method of managing on-street parking across a wide area. But why this wide?

- Existing issues
- Future growth
- Displacement
- Clearer idea of demands
- Joint working
