

# Forward Plan of Key Decisions

## Explanatory Note

The County Council must give at least 28 days' notice of all key decisions to be taken by members or officers. The Forward Plan includes all key decisions and the expected month for the decision to be taken over a four-month period. Decisions are categorised in the Forward Plan according to the [West Sussex Plan](#) priorities of:

- Best Start in Life
- A Prosperous Place
- A Safe, Strong and Sustainable Place
- Independence in Later Life
- A Council that Works for the Community

The Forward Plan is updated regularly and key decisions can be taken daily. Published decisions are available via this [link](#). The Forward Plan is available on the County Council's website [www.westsussex.gov.uk](http://www.westsussex.gov.uk) and from Democratic Services, County Hall, West Street, Chichester, PO19 1RQ, all Help Points and the main libraries in Bognor Regis, Crawley, Haywards Heath, Horsham and Worthing.

**Key decisions** are those which:

- Involve expenditure or savings of £500,000 or more (except decisions in connection with treasury management); and/or
- Will have a significant effect on communities in two or more electoral divisions in terms of how services are provided.

The following information is provided for each entry in the Forward Plan:

<b>Decision</b>	The title of the decision, a brief summary and proposed recommendation(s)
<b>Decision By</b>	Who will take the decision
<b>West Sussex Plan priority</b>	See above for the five priorities contained in the West Sussex Plan
<b>Date added to Forward Plan</b>	The date the proposed decision was added to the Forward Plan
<b>Decision Month</b>	The decision will be taken on any working day in the month stated
<b>Consultation/ Representations</b>	Means of consultation/names of consultees and/or dates of Select Committee meetings and how to make representations on the decision and by when
<b>Background Documents</b>	What documents relating to the proposed decision are available (via links on the website version of the Forward Plan). Hard copies of background documents are available on request from the decision contact.
<b>Author</b>	The contact details of the decision report author
<b>Contact</b>	Who in Democratic Services you can contact about the entry

For questions about the Forward Plan contact Helena Cox on 033022 22533, email [helena.cox@westsussex.gov.uk](mailto:helena.cox@westsussex.gov.uk).

			2019
27	Cabinet Member for Finance and Resources	Procurement of Outdoor Media Services	March 2019
28	Executive Director Economy, Infrastructure and Environment	Procurement of a Water Retail Supplier	March 2019
28	Cabinet Member for Finance and Resources	Capital funding: Highwood Blue Light Centre	March 2019
29	Cabinet Member for Adults and Health	Procurement of Mortuary Services for West Sussex	May 2019

# Best Start in Life

## Cabinet Member for Education and Skills

<b>Expansion of Manor Green Primary School, Crawley</b>	
<p>The Special Educational Needs and Disability (SEND) Strategy 2016-2019 aims to provide high quality local education provision for children and young people with SEND and optimise value for money from the High Needs Block of the Dedicated Schools Grant. As part of the development of the SEND Strategy, the County Council has identified an increased demand for extra provision to meet two specific areas of SEND - Autistic Spectrum Condition and Social, Emotional and Mental Health.</p> <p>Following a review of current provision and anticipated future need, in early January 2019 the Cabinet Member for Education and Skills agreed a statutory notice to increase space at Manor Green Primary School in Crawley from September 2019. The school caters for a wide-range of Special Educational Needs, particularly for children with moderate and severe learning difficulties, complex social and communication difficulties or those who have been identified as having an Autistic Spectrum Condition. The increase in space would enable the school to increase planned places by 36 from 164 to 200.</p> <p>To accommodate the additional pupils two further classrooms will need to be built. The feasibility work for the project has now been completed. Following detailed design and a competitive tendering exercise the Cabinet Member will be asked to approve the allocation of the funds required to enable the project to proceed.</p>

## Executive Director Economy, Infrastructure and Environment

### Completion of expansion works to Northgate Primary School

The County Council has a statutory duty to provide sufficient school places for all children who need a place. Due to the growing demand for school places in the Northgate area of Crawley an expansion project has been progressing at the school to enable the school to increase admission numbers from 60 pupils in each year group to 90 pupils in each year group.

The initial budget allocation to fund this project has proved to be insufficient to achieve all the works required for the school expansion. The Executive Director Economy, Infrastructure and Environment will therefore be asked to approve the expenditure of additional funding to enable the completion of the expansion works at Northgate Primary School.

<b>Decision By</b>	- Executive Director Economy, Infrastructure and Environment

## Cabinet Member for Education and Skills

### Expansion of Sompting Village Primary School

The County Council has a statutory duty to provide sufficient school places for all children who need a place. Due to growing demand for school places in the Sompting area there is a need to expand the local Primary School to accommodate additional pupils. In March 2017 the Cabinet Member for Finance approved an expansion of Sompting Village Primary School to increase its admission number from 60 pupils in each year group to 90 pupils in each year group with effect from September 2019.

The Cabinet Member for Education and Skills will be asked to approve the allocation of the funds required to enable the expansion project to proceed.

<b>Decision By</b>	Mr Burrett - Cabinet Member for Education and Skills

### **Executive Director Economy, Infrastructure and Environment**

#### **Award of Contract for the expansion works to Nyewood Junior School, Bognor Regis**

Due to growing demand for school places, an expansion project was undertaken at Nyewood Junior School in 2015 to increase the published admission number from 75 to 90 places per year. A new school hall is required to complete the expansion. The Cabinet Member for Education and Skills will be asked to approve the allocation of funds required to enable the project to proceed and to delegate authority to the Executive Director of Economy, Infrastructure and Environment to award the contract for the works.

Following receipt of this approval from the Cabinet Member, the Executive Director of Economy, Infrastructure and Environment will be asked to award the construction contract for the new hall for Nyewood Junior School.

### **Director of Children and Family Services**

<b>Award of Dynamic Purchasing System Agreements</b>	
<p>The County Council has a statutory responsibility to ensure the sufficiency of a variety of accommodation based services for children, young people and young adults. This responsibility includes children who are looked after (CLA), those with special educational needs and disabilities (SEND), care leavers, those on the edge of care, unaccompanied asylum seekers (UASC) and those at risk of homelessness.</p> <p>Whilst the County Council provides some of these services, the demand is such that a significant number of placements have to be purchased from the external market and evaluation shows this is a trend expected to continue.</p> <p>In July 2018 the Cabinet Member for Children and Young People and the Cabinet Member for Education and Skills jointly approved the procurement of a Dynamic Purchasing System (DPS), to facilitate the purchasing of placements for individual children from providers of accommodation based services including independent foster and residential care and independent and non-maintained special schools, as and when they are required. The term of the DPS is to be 7 years in total, starting on 1 March 2019 and concluding on 28th February 2026. The Cabinet Members also delegated authority to the Director of Children and Family Services to implement the DPS.</p> <p>A procurement process has taken place and the Executive Director Children, Adults, Families, Health and Education will be asked to approve the commencement of awards to providers qualified to join the DPS.</p>

### **Cabinet Member for Children and Young People**

<b>Redesign of the Integrated Prevention and Earliest Help Service</b>	
<p>In January 2019 the Cabinet Member for Children and Young People published a decision approving the commencement of a review to propose a redesign of the services provided as the Integrated Prevention and Earliest Help Service (IPEH) (Decision reference CYP06 (18/19)).</p> <p>The aim of the review is to design and plan to implement a targeted early help offer that delivers improved outcomes, reduces demand for children's social care and directs the financial resources available within the Directorate appropriately.</p> <p>The Cabinet Member for Children and Young People will be asked to approve the proposed design and plans for its implementation.</p> <p>The implementation will be achieved in a planned and responsive way which takes full account of the comprehensive consultation and engagement plan this project relies upon. It will also draw on the contributions from those members (in Select Committee and Corporate Parenting Panel) who have a close interest in how the proposals are coordinated and carried through so as to maintain the core aims and benefits of this critical service area. The first changes are likely to be in areas of internal service reconfiguration, with any more significant service changes which may affect partnership plans and commitments being settled through the on-going joint planning and engagement over a period of time.</p> <p>The decision to approve the proposed design and plans for its implementation is due to be taken by the Cabinet Member for Children and Young People in March 2019. Further decisions for implementation after the initial plans will be set out as part of the design and time line to be published in March.</p>

## A Prosperous Place

### Leader

<b>Burgess Hill Growth Programme - Approval of Place and Connectivity Programme Funding Agreement</b>	
<p>The Mid Sussex Growth Deal, WSCC working in partnership with Mid Sussex District Council, identifies a set of priorities for economic growth in the area. The Coast to Capital Local Enterprise Partnership (LEP) has approved an allocation of £10.9m of Local Growth Funding to support the delivery of growth in the area based on a business case that promotes the delivery of a Place and Connectivity Programme. A programme of measures has been prepared that meet the aspirations identified in the business case and was approved by the LEP Investment Committee in December 2018. This programme of measures requires a funding agreement to be completed to support subsequent delivery of schemes and drawdown of the Local Growth Funding allocated by the LEP.</p> <p>The Leader will therefore be asked to agree the funding and resourcing arrangements to support the completion of a Funding Agreement with the LEP and subsequent delivery of the projects identified in the Burgess Hill Growth Programme – Place and Connectivity programme.</p>

### **Cabinet Member for Highways and Infrastructure**

<b>Guidance on Parking in New Developments</b>	
<p>The Council provides guidance on parking in new residential and commercial developments to inform the determination of planning applications by Local Planning Authorities (LPA). It addresses the amount of car and cycle parking that is expected to be provided and includes advice to developers and the LPAs on the highway impacts of parking provision in new developments.</p> <p>The current guidance was last reviewed in 2010 (residential), and 2003 (commercial). There is a need to review the current guidance to ensure it is fit for purpose, up to date and consistent with current national planning policy and guidance. A review of the current guidance has been undertaken in consultation with the LPAs to provide an updated evidence base and recommendations on which the new guidance will be based.</p> <p>The Cabinet Member for Highways and Infrastructure will receive a report on the review of current guidance and be asked to approve the Council's updated Guidance on Parking in New Developments.</p>

### **Cabinet Member for Highways and Infrastructure**

<b>Procurement of Contracts for Winter De-icing Salt and Gritter Fleet</b>
--

The supply of de-icing salt and the provision of a gritter fleet is critical to ensuring the County Council can meet its statutory duty to maintain the highways and to ensure that, so far as is reasonably practicable, safe passage along a highway is not endangered by snow or ice. The contracts awarded for these services in 2018 are due to end and new contracts are required for winter 2019/2020.

The Cabinet Member will be asked to:

1. approve the commencement of the procurement process for a winter de-icing salt contract and a contract for the provision of a leased gritter fleet (both twelvemonth contracts); and
2. delegate authority to the Director of Highways and Transport to enter into the contracts, and to extend, if appropriate, in accordance with the Council's Standing Orders on Procurement and Contracts.

### **Cabinet Member for Highways and Infrastructure**

#### **Strategic Transport Investment Programme (2018/2019)**

In July 2013, the Council established a Strategic Transport Investment Programme (STIP) to identify and develop strategic (i.e. larger than local) transport schemes that are needed to support sustainable economic growth in the county. A long list of potential schemes was identified at that time, largely building on technical work to prepare local plans and these schemes were prioritised.

The STIP has been reviewed periodically since 2013 and consideration is again being given to adding new priorities for investment and also removing schemes that are no longer considered to be priorities. Consultation has taken place with elected members and other stakeholders who were invited to put forward suggestions to inform the

review. As the majority of funding for strategic transport projects will be subject to scheme appraisal in line with Department for Transport guidance, any new potential priorities will be appraised using a similar standardised approach.

The Cabinet Member for Highways and Infrastructure will be provided with an update on progress with current priorities and recommended to approve a revised Strategic Transport Investment Programme list of priorities, including the need for feasibility work on schemes in 2019/20.

### **Cabinet Member for Highways and Infrastructure**

#### **Highways and Infrastructure 2019/20 Forward Works Programmes and Annual Delivery Programme**

The Highway Infrastructure Asset Management Policy and Strategy communicates West Sussex County Council's approach to highways infrastructure asset management, setting out the decision making framework for the maintenance of the roads in West Sussex. Corporate processes are also in place for the identification, assessment, and prioritisation of local and community highway and transport improvements. The rolling Forward Programmes for Highway Maintenance, Local Transport Improvement Programme (LTIP), and Community Highway Schemes (CHS) identify and prioritise future maintenance and improvement needs across the County Council's highway asset groups. These forward programmes inform the future Annual Delivery Programmes.

The Highway Maintenance, LTIP and CHS Forward Programmes provide robust and reliable information to identify the future maintenance need, or transport infrastructure improvements to be carried out within the next three to five years. The programmes are used to support forward financial planning and communicate the anticipated planned maintenance and transport improvements to elected members, County Local Committees, local West Sussex businesses and residents.

The Annual Delivery Programme is developed and prepared from the integration of the Forward Programmes each year during autumn for approval in advance of the start of the new financial year. It prioritises maintenance and improvement schemes taking into account available funding for delivery and the relative need.

The Cabinet Member for Highways and Infrastructure will be asked to approve the 2019/20 Annual Delivery Programme acknowledging the prioritisation set out in the Forward Programmes.

#### **Director of Fire Service Operations and Chief Fire Officer**

##### **Commence procurement of replacement vehicles for Fire and Rescue Flexi-Duty System (FDS) staff**

The Fleet Asset Management Plan 2018/19 – 2022/23 sets-out a five-year rolling programme of Fleet and Asset renewal across the Council, including for the Fire and Rescue Service (Decision Report ref: SSC14 17/18)

As part of this programme, 30 vehicles allocated to staff in the Fire and Rescue Service are due for replacement in the financial year 2019/20. These vehicles are provided to staff to support operational cover through a Flexi Duty System (FDS).

The total value of the purchase of vehicles, including emergency service conversions and livery, is expected to be approximately £750,000.

As part of decision SSC14 17/18, the authority to award contracts for vehicle and equipment purchases has been delegated to the Chief Fire Officer and Director of Operations.

On this basis, the Chief Fire Officer and Director of Operations will be asked to approve the commencement of a procurement process to replace the current vehicles using an agreed specification.

<b>Procurement of Technology Enabled Care</b>	
<p>Technology Enabled Care, at its very best, offers a modern and innovative way of supporting people to stay in their homes and live as independently as possible for as long as possible. It can reduce, delay and prevent the need for costly care packages and placements in care homes, not only improving outcomes for residents but providing significant financial benefits to the council. Technology is moving at a rapid pace with new apps, wireless sensors and smart appliances appearing every week. New devices and apps can help people communicate with experts, seek urgent help, reduce social isolation, control the home environment as well as maintaining health, fitness and wellbeing.</p> <p>In line with West Sussex's vision and strategy to help people to help themselves, it is the Council's ambition to use technology to transform the way people are supported to remain independent in their own homes for longer.</p> <p>To do this, the Council wants to work with a development partner or partners to deliver innovate and cutting edge technology enabled health and social care support.</p> <p>The Cabinet Member for Adults and Health will be asked to agree to:</p> <ol style="list-style-type: none"> <li>1. continue the procurement of a development lead partner or partners to support the delivery of Technology Enabled Care. This will significantly expand the offer to new and current social care customers, bringing payment for Telecare services in line with current charging arrangements for social care; and</li> <li>2. in consultation with the Cabinet Member, contract award and future contract extension decisions be delegated to the Executive Director Children, Adults, Families, Health and Education.</li> </ol>

### **Cabinet Member for Adults and Health**

#### **Community Based Social Support**

The County Council has a statutory responsibility under the Care Act 2014 to promote individual well-being, prevent needs for care and support, provide information and advice and meet needs through information and advice and inclusive of less intensive or service-focused options.

For adults with a lifelong disability and/or autism and for family and friend carers the County Council has contracted services from the external market, largely from the local voluntary sector to fulfil this duty on our behalf. Most of the support contracted has been for adults with a learning disability although not exclusively. An evaluation involving customers and other key stakeholders has concluded that this support has been highly valued particularly for people who do not have a personal budget or eligible needs. However gaps in the offer have been identified through this engagement which include the need for more integration with mainstream activities and services, further support for disabled people from the LBGQT community and those with autism, more paid work opportunities, travel training and more focus on developing independence skills.

The current contracts end in March 2020. The council spend is in the region of £1.25 million per annum. The provision includes help to find or retain paid work, increasing people's physical or social activity, help with issues relating to autism, practical assistance for people with a learning disability and autism to continue to live in their own homes and keep well (for instance help with tenancies, budgeting, life-skills and emotional support), benefit claims as well as connecting people into other community activities and support by helping, where necessary, those services to meet the needs of these people.

The Council will be extending the tender and the sources to be included are still being

considered. People will be eligible for this support if they do not have a personal budget or they could step-down from a personal budget with the right support. An example of the latter is where support to find paid employment leads to the person moving on from day services. The support will aim to help people to stay well and independent in their own homes and will be delivered close to where they live.

The Council is also looking at the option of including in this tender the transfer of some of the prevention functions it currently provides as well as how some individuals currently supported by a very small Personal Budget would be better supported via prevention services. This could involve a substantial increase in both the scale and value of the service tender. The finer detail of this future expansion is being worked through, including the funding that would be required for this transferral. By the time of tendering this detail will be known.

Approval will be sought to award new contracts for 3 years with the option to extend up to a maximum of 7 years. Once the proposals are fully prepared by April 2019, the Cabinet Member is asked to agree to the commencement of a competitive procurement exercise and to delegate responsibility to award the contract to the Executive Director Children's Adults Families Health and Education.

#### **Director of Fire Service Operations and Chief Fire Officer**

##### **Award of Contract for the provision of 7 x Fire Appliances**

In March 2018, the Chief Fire Officer and Director of Operations agreed to commence the procurement for six Fire Appliances and award the contract to the successful bidder (OKD5 17/18).

In December 2018, in order to meet operational requirements, the number of appliances to be procured was subsequently amended to seven. Information about this approach was circulated in the Members Information Service (Briefing Number 51).

A procurement process, compliant with West Sussex Standing Orders and European Union Procurement Directives, is currently underway. Following the completion of the procurement process, the Chief Fire Officer and Director of Operations will be asked to award the Contract for the seven fire appliances to the successful bidder.

### **Cabinet Member for Adults and Health**

#### **West Sussex Joint Health and Wellbeing Strategy**

The West Sussex Health and Wellbeing Board (HWB) is a statutory partnership providing shared strategic leadership and coordination of local action to deliver health, care and wellbeing services based on the best evidence of local needs. The West Sussex HWB includes representation from key organisations in West Sussex with major responsibilities for social care services, public health, health and wellbeing services. The HWB's responsibilities include developing a Joint Health and Wellbeing Strategy (JHWS) which identifies priorities and sets out how local needs will be met.

The current 2015-2018 [West Sussex Joint Health and Wellbeing Strategy](#) is under review. The new strategy, due in April 2019, will be used to inform local commissioning and delivery plans and determine what actions West Sussex County Council, NHS, and other partners need to take to meet health and social care needs, and to address health inequalities.

The Cabinet Member for Adults and Health Chairman for the Health and Wellbeing Board is requested to agree that the West Sussex Joint Health and Wellbeing Strategy (JHWS) 2019 – 2024 is in alignment with the West Sussex Plan and is asked to endorse the Joint Health and Wellbeing Board's Strategy on behalf of the County Council.

### **Cabinet Member for Environment**

#### **Halewick Lane Energy Storage Project**

The project forms part of the agreed objectives of the Your Energy Sussex (YES) partnership by increasing and enabling the expansion of renewable energy generation in the county as well as developing the low carbon economy and reducing CO<sub>2</sub> emissions. It also supports the outcomes identified in the approved [Energy Strategy](#). The project will also facilitate a much needed re-development of the site, with the existing buildings being demolished and the site fully secured. The site has in recent years suffered problems with safety, break-ins and vandalism.

Since 1 April 2014 the YES team has been working to develop a significant pipeline of energy related projects including:

- The imminent completion of Westhampnett solar farm with 4 mega-watts of energy storage on site,
- Development of Tangmere Solar farm, which is now complete,
- Installation of commercial scale PV (photovoltaic) systems on schools and third party roofs including at Goodwood Aerodrome,
- PV systems for 225 houses owned by Crawley Borough Council, and
- For Adur & Worthing councils, installation of gas central heating systems in houses served by a newly installed gas main.

Generation of income for all the energy schemes will be achieved through the Council's energy purchaser (N-Power) selling power on its behalf, maximising the income opportunities available as an energy generator. The dual expansion of solar generation and stand-alone battery storage is a key part of the YES energy project

pipeline, with solar farms and battery storage continuing to represent a relatively low risk investment for capital.

The Cabinet Member will be asked to approve the development of the previous Sompting Waste Destructor site (Halewick Lane, Sompting) into a battery storage facility.

## Independence in Later Life

### Cabinet Member for Adults and Health

#### Approval of the Vision and Strategy for Adult Social Care

The County Council is proposing to set out a vision and strategy for Adult Social Care that will detail the ambition for West Sussex to continue to be a great place to grow older and an inclusive place for all adults with disabilities, mental health issues and their carers. To support this goal, within the context of an ageing population and a challenging financial position, adult services needs to change. Furthermore adult services needs to make progress on the requirement to achieve integrated services with the NHS. The strategy to deliver the vision is to work at a local level and support individuals to remain outside of services for as long as possible, maximising individual strengths and local assets to support this outcome. Reviewing customer pathways to support these goals, adopting a different approach to commissioning, changing our in-house provider offer and supporting a resilient workforce will all contribute to the delivery of this strategy. However working with partners and stakeholders to co-produce future delivery models and provide jointed up services is also fundamental.

The Cabinet Member for Adults and Health will be asked to endorse the vision and

strategy for Adult Social Care.

<b>Procurement of Outdoor Media Services</b>	
<p>The Council has a revenue generation target for outdoor media services. This involves utilising County Council land capacity for the purposes of offering outdoor media development opportunities, in line with local planning consent, to third party providers. In order to realise and maximise the revenue generation opportunity the Council has analysed the land it owns, adjacent to key highways and population areas where outdoor media would be viable.</p> <p>To maximise the use of this land and potential revenue, the Council intends to grant a lease/licence of specific sites to a Service Provider to facilitate advertising and/or sponsorship revenue through the use of outdoor media infrastructures, at appropriate sites in the county.</p> <p>The Cabinet Member for Finance and Resources will be asked to approve the commencement of a procurement process for the above outlined services and utilisation of specific sites.</p>

### **Executive Director Economy, Infrastructure and Environment**

<b>Procurement of a Water Retail Supplier</b>
<b>Summary</b>

A retail market for the provision of water and wastewater has opened and an opportunity exists for the County Council to procure a single water retail supplier to bundle and manage the services for its corporate estate received from six different wholesale suppliers.

The key benefits of this procurement involve (a) a lower overall cost for water and wastewater services (b) more accurate and timely invoicing (c) streamlined query management processes and (d) opportunities to identify water efficiencies.

### **Recommendations**

That the commencement of a competitive procurement using a Framework Agreement offered by Crown Commercial Services is approved and the award and extension to the contract, if appropriate, is made in accordance with the County Council's Standing Orders on Procurement and Contracts.

#### **Capital funding: Highwood Blue Light Centre**

The One Public Estate Programme (OPE) is an established national initiative which aims to improve service delivery through co-location and integration of services and rationalise the public estate thereby generating revenue savings and securing capital receipts from the disposal of surplus land and assets.

As part of the One Public Estate West Sussex Programme, a project is being brought forward to create a new Blue-Light operational and training centre at Highwood, Horsham. This is planned to provide a new fire station, a new,

centralised Fire & Rescue Service training centre, facilities for joint training across the blue-light sector and potential office accommodation for Sussex Police.

The Cabinet Member for Finance and Resources will be asked to approve the allocation of capital funding to progress the project through design to planning stage, and to delegate authority to the Executive Director, Economy, Infrastructure and Environment to approve the appointment of technical consultants.

### **Cabinet Member for Adults and Health**

#### **Procurement of Mortuary Services for West Sussex**

The County Council provides mortuary services throughout the county for the bodies of those who die in West Sussex where the death is referred to the Coroner. Current arrangements for this service are due to expire in 2019.

An open procurement process to determine a future model for this provision has been undertaken by the County Council from May 2018. This process includes the option of a new mortuary built by a third party for use by the County Council to meet the service need.

The Cabinet Member will be asked to agree proposals for future mortuary services for West Sussex and if appropriate to delegate authority to the Director of Communities to award a contract to the successful bidder for a design and build project to run from October 2018, subject to the submission of a satisfactory bid.

The contract would need to overlap with the existing contracts to ensure the seamless provision of essential services during the design and any build phase. The existing contracts may be terminated on six months' notice once the progress of a design and build contract is clear and a date for the commencement of the new arrangement is established.
