West Sussex Integrated Parking Strategy Review 2020 – 2025

Report by Director of Law and Assurance

Summary

The Cabinet Member for Highways and Infrastructure proposes to take a decision in June 2020 on an Integrated Parking Strategy for 2020 - 2025. The proposed decision was first published in the Forward Plan in February 2020. The draft report for the proposed decision is attached.

Focus for scrutiny

The Committee is invited to consider and comment on the extent to which the proposed Strategy:

- a. Meets the needs of residents and businesses.
- b. Reflects advances in technology, both those already realised, and those anticipated.
- c. Fits with the Council's other strategies and policies, for example in respect of climate change, and with those of the district and borough councils, such as in respect of air quality.
- d. Addresses the scale of planned development in West Sussex.
- e. Whether the present COVID-19 crisis and its consequences might have implications for the Strategy

The Chairman will summarise the output of the debate for consideration by the Committee.

Details

The background and context to this item for scrutiny are set out in the attached reports (listed below), including resource and risk implications, Equality, Human Rights, Social Value, Sustainability and Crime and Disorder Reduction Assessments.

The Cabinet Member for Highways and Infrastructure will take a decision which takes into account the Committee's recommendations, in late June 2020.
