

# **Report to Health and Adult Social Care Scrutiny Committee**

**8 March 2023**

## **End of December 2022 (Quarter 3) Quarterly Performance and Resources Report – Focus for Scrutiny**

**Report by Director of Law and Assurance**

---

### **Summary**

The Quarterly Performance and Resources Report (PRR) is the Council's reporting mechanism for corporate performance, finance, savings delivery and business performance. It has been re-designed to reflect the new priorities, outcomes and measures included in Our Council Plan. It will be available to each scrutiny committee on a quarterly basis. Each committee will consider how it wishes to monitor and scrutinise performance relevant to their area of business. The report (Appendices B and C) reflects the position at the end of December 2022.

The Adults Services Portfolio has a number of performance highlights to report this quarter, set out in Appendix B. There are no substantial changes from the last quarter, and no information that has not already been discussed in previous meetings. Highlights include the County Council's priority of continuing to support individuals who need critical and urgent care or where there are urgent safeguarding concerns. Also, following a review of data collation, the percentage of adults with a learning disability in paid employment has risen to 3% this quarter and is now much closer to the 3.8% performance target. More people in Sussex are caring for the most vulnerable residents with 30,000 carers now registered for information, advice and support with our partner Carers Support West Sussex. During the third quarter, the Domestic Abuse and Sexual Violence team within Community Safety and Wellbeing received 195 victim/survivors allocated across the team and Worth Services saw a significant increase of referrals into the service throughout November and December 2022 compared to 2021 and 2020. During this quarter, there have been 15 Multi Agency Risk Assessment Conference's (MARAC) in West Sussex and three MARAC Plus meetings. This has involved 302 case discussions for high-risk victims and perpetrators of domestic abuse.

The Public Health and Wellbeing Portfolio, set out in Appendix C, highlights the Member Development Session that focused on Public Health in West Sussex in November 2022, Stoptober, the Autumn Covid-19 Booster Programme and Flu Vaccination Programme, the Social Media Campaign (Mental Health Support) and the Sussex Integrated Care Strategy.

The current Risk Register is included to give a holistic understanding of the Council's current performance reflecting the need to manage risk proactively.

## **Focus for scrutiny**

The Committee is asked to consider the PRR (Appendices B and C). Areas for scrutiny include:

- 1) The effectiveness of measures taken to manage the Council's financial position and expectations;
- 2) The particular performance indicators and measures identified as most critical to the focus of the Committee and whether the narrative provides assurance about the position presented and likely outcomes;
- 3) Any areas of concern in relation to the management of corporate risk;
- 4) Whether the report indicates any issues needing further scrutiny relevant to the Committee's portfolio area and, if so, the timing of this and what further data or information may be required; and
- 5) Identification of any specific areas for action or response by the relevant Cabinet Member.

The Chairman will summarise the output of the debate for consideration by the Committee.

### **1. Background and context**

- 1.1 The Performance and Resources Report (PRR) replaces the Quarterly Performance Report (QPM). The PRR is designed to be used by all Scrutiny Committees as the main source of the County Council's performance information.
- 1.2 The current report has two changes in the presentation of the information:
  - Capital performance within the Portfolio Sections has been moved to the start of each capital section to enable the reader to focus on the performance of projects; this is complimented by the financial aspect of the capital programme and links the areas together. In addition, explanations of the capital finance movements (including additions to the programme) have been included for completeness and governance reasons.
  - The arrows on the KPI measures have been updated. A green upward arrow indicates that performance is improving, a downward red arrow indicates performance is worsening, and a horizontal amber arrow indicates no change to performance.
- 1.3 Appendix A – How to Read the Performance and Resources Report, provides some key highlights on the structure, content and a detailed matrix of the sections of the report which are expected to be reviewed by the different scrutiny committees.
- 1.4 The background and context to this item for scrutiny are set out in the attached appendices (listed below). As it is a report dealing with internal or procedural matters only the Equality, Human Rights, Social Value, Sustainability, and Crime and Disorder Reduction Assessments are not required.
